HARRIS HOME FEST CONTROL FLEA & TICK KILLER

PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals
Contact product may result in transient tingling and reddening of the skin. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

ENVIRONMENTAL HAZARDS
This product is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

Physical or Chemical Hazards: Do not apply this product on or in electrical equipment due to possibility of shock hazard.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Information: Hold container upright. Do not spray up into air. Apply to surfaces only as a spot and crack & crevice treatment. Turn sprayer nozzle to “on” position. Hold approximately 12 inches from surface to be sprayed. Squeeze trigger to spray until surface is slightly moist, but not to the point of runoff. Over application may cause damage. Test in an inconspicuous area before applying. Do not apply to children’s toys to prevent heated surfaces until spray has dried. This product’s long-lasting action keeps killing German Cockroaches for up to 12 months and Fleas for up to 5 months after you spray. More frequent applications may be necessary on concrete surfaces. Check areas in 4 weeks and retreat if insect activity continues. Residual activity kills insects when they return to treated areas. This product is intended to be used in and around residences and their immediate surroundings, such as (but not limited to): apartments, attics, basements, bathrooms, boats, cabins, campers, carports, cat sleeping quarters, clothes storage, closets, cabinets, doors, drawers, file cabinets, garages, gazebos, homes, kitchens, libraries, living rooms, patios, porches, productListEINGAREAS, playrooms, porches, recreational vehicles, rooms, solariums, storage areas, sun rooms, utility rooms and verandas. Do not use in commercial food handling establishments, restaurants or other places where food is commercially prepared or processed.

INDOORS
Cockroaches (Including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains), Ants, Asian Lady Beetles, Boxelder Bugs, Centipedes, Crickets, Cockroaches, Firebrats, FLEAS, Kudzu Bugs, Parmelatra Bugs, Silverfish, Sowbugs, Slugs, and Bugs. TICS and Wurtteburg: Apply as a spot and crack & crevice treatment to areas where these pests crawl and hide, especially in hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. Cover all food handling surfaces and lower or remove all food and cooking utensils or wash thoroughly after treatment. Exposed food should be covered or removed. Remove as necessary, but not more than once per week. Ants: Spray ant trails and around doors and windows and other places where ants enter the house. Repeat as necessary, but not more than once per week. Carpenter Ants: For effective control, locate and treat nest and entrances. Treat immediately above and around roofs and windows and other places where ants enter and emerge. Spiders: Apply around corners and wherever they crawl and hide. Sprays into tinted wood through existing openings. TICS (including deer ticks) which carry Lyme Disease and FLEAS on Surfaces: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult Flee and Larvae contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to the treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be treated for staining in an inconspicuous area prior to use. Spiders: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may crawl. Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and TICS: Apply around doors and windows and other places where these pests may enter premises. TREAT baseboards, storage areas and other locations where these pests are found.
FLEAS: Apply around doors and windows and other places where these pests may enter premises. TREAT baseboards, storage areas and other locations where these pests are found.
FLYING INSECTS: Houseflies, Gnats, Kudzu Bugs, Mosquitoes and Small Flying Moths: Spray localized resting areas, such as under eaves, porches, inside surfaces of window and door frames, surfaces around light fixtures and cords, railings, etc. and anywhere these insects may rest. Insects coming to rest on treated surfaces will be killed. Bed Bugs And Lime: Remove linens and wash before reuse. Lightly spray mattresses, especially tuffs, folds and edges. Apply to the interior of the frame. Allow to dry before remaking bed. Also, treat your yard with a product registered for yard application.

OUTDOORS
Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. For outdoor use only as an aid in controlling insects and pests causing up to 2 to 3 feet. Apply to outside surfaces of buildings where insects tend to congregate. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps. Repeat treatment as necessary, but not more than once per week. CRAWLING INSECTS: Ants, Cockroaches, Centipedes, Crickets, Kudzu Bugs, Moles, Crickets, Silverfish, Slugs and Waterbugs. Hold sprayer 12 to 18 inches from surface to be treated and spray in infested surface or patio or picnic areas, hilling as many insects as possible. Spray to slightly moisten the surface. Spray infested surface of patio or picnic area. Also spray legs of tables and chairs. Ants: Spray freely around ant trails and hills. Spray. Condensate forms under steps, brickwork, concrete, etc. Break apart accessible nests and spray freely on and around debris. Repeat as necessary, but not more than once per week. LONE STAR TICS, DOG TICS, CRICKETS and FLEAS: Apply thoroughly to infestation in bushes, grass or weeds. FLYING INSECTS: Houseflies, Gnats, Kudzu Bugs, Mosquitoes, Small Flying Moths and Slugs Bugs: Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest in treated surfaces will be killed. Carpenter Ants and Carpenter Bees: (for localized control only) Apply this product to voids or channels in damaged wood of a structure, or to cracks, crevices and spaces in and between wooden portions of a structure or between wood and the foundation, in locations vulnerable to attack, such as crawl spaces.

STORAGE AND DISPOSAL
Storage: Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Protect from freezing. If freezing occurs, allow product to thaw and shake well before use. Freezing does not adversely affect performance.
Container Disposal: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IMPORTANT: READ BEFORE USE
Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability:

CONDITIONS: The product is intended for use by the person purchasing it for his own use and is to be used only as directed.
