KEEP OUT OF REACH OF CHILDREN

DANGER: Corrosive. Causes severe eye irritation and burns. May be fatal if swallowed, inhaled, or if absorbed through the skin. Use only as directed. Do not use in the presence of other strong oxidizing agents, acids, or reducing agents. Keep out of reach of children. In case of contact, wash with copious amounts of water. If swallowed, call a Poison Control Center. Store in a cool, dry, well-ventilated area. Do not mix with other products except as directed.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

DANGERS: Corrosive. Causes severe eye irritation and burns. May be fatal if swallowed, inhaled, or if absorbed through the skin. Use only as directed. Do not use in the presence of other strong oxidizing agents, acids, or reducing agents. Keep out of reach of children. In case of contact, wash with copious amounts of water. If swallowed, call a Poison Control Center. Store in a cool, dry, well-ventilated area. Do not mix with other products except as directed.

Inhalation: Remove to fresh air. Provide artificial respiration if necessary. Call a Poison Control Center or doctor immediately for treatment advice.

Eye Contact: Flush with copious amounts of water for at least 15 minutes. AVOID CONTACT WITH EYES. Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses. Call a Poison Control Center or doctor for further treatment advice.

Skin Contact: Wash thoroughly with soap and water. Remove contaminated clothing and wash before reuse. Call a Poison Control Center or doctor for further treatment advice.

Ingestion: Call a Poison Control Center or doctor immediately for treatment advice. Do not induce vomiting unless directed by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a Poison Control Center or doctor.

In case of emergency call: 1-800-654-6911

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Give activated charcoal orally if possible. Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

NET WEIGHT 1 LB. (454 g)

IMPORTANT: PLEASE READ AND SIGN

The purpose of this approval material is to give you an opportunity to check copy, layout, and color separation prior to our making printing plates and proceeding with the printing of your order. Star Packaging stands behind the material that we produce, from the standpoint of maintaining printing and fabricating tolerances, but we are depending on you to confirm, by your signature, that the copy and layout are as you order us to produce them according to your specifications. Although we cannot be responsible for confirming the accuracy of content, nor can we be held responsible for confirming that the content complies with the requirements of any regulatory agencies. We cannot be held responsible for errors made as a result of producing the order as authorized by your signature.

Please note: This proof is not to be used as a color match. We will use the Pantone® colors designated on this proof, which cannot be represented accurately on a computergenerated proof such as this one. If you have any questions regarding color, please contact your Star Packaging customer service representative.

Please note approval and/or changes in the space below and sign and date this proof. Please review and return this proof promptly to prevent delay of your order.
