this product is for use on hard, non-porous surfaces in hospitals, medical and dental offices and clinics, healthcare facilities, nursing homes, businesses and other settings in which there is an expected likelihood of soiling of hard, non-porous surfaces which will effectively inhibit the growth of mold and mildew in their color. Room treated every seven days, or more often if new growth appears.

DIRECTIONS FOR USE

TO CONTROL MOLD/BACTERIA: Pre-clean heavily soiled areas. Prepare use solution by adding 0.5 oz. of this product per gallon of water. Apply solution in atomizer to non-porous surfaces which will effectively inhibit the growth of mold and mildew in their color. Room treated every seven days, or more often if new growth appears.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store only in original container. Pesticide stored in original container is safe to store. Never dispose of contents in streets, waterways or sewers.

CONTAINER HANDLING: Do not repackage this container. Empty spray container and put it in trash for disposal.

See back panel of label for additional precautions and statements. STAY OUT OF REACH OF CHILDREN DANGER: This product is for use on hard, non-porous surfaces and will effectively inhibit the growth of mold and mildew in their color. Room treated every seven days, or more often if new growth appears.

GENERAL DECORATION: To be disposed of by use according to label instructions, contact State Pesticide or Environmental Office for guidance.
