Dispenser now contains 3000 sprays for use in closed areas and will last for 30 days when used on a 24 hour basis set to dispense every 15 minutes. One dispenser/refill is recommended per 6000 cubic feet of space or a room 30’x32’x8’. Air movement and ventilation rate may vary somewhat. Relative humidity should be 45-75% for maximum effectiveness.

NOTE: Dispensers should be mounted on wall at least 7 feet above the floor and in a location free from furniture, sensitive plastics surfaces or any other protrusions 3 feet in front of the cabinet. Not intended for use by placement on overhead surfaces such as cabinets, shelves or other finished surfaces.

STORAGE & DISPOSAL: STORAGE: Store in a cool area away from heat or open flame. DISPOSAL: Do Not Puncture or Incinerate! IF EMPTY: Place in trash or offer for recycling if available. IF PARTIALLY FILLED: Call your local solid waste agency for disposal instructions.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: Avoid contact with eyes. Wash hands thoroughly with soap and water after using.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Poison Control Center at 1-800-222-1222 for emergency medical information.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause burst.
