WASPS & HORNETS

DIRECTIONS FOR USE

Spray in upright position. Inverting can cause spraying at low pressure and cause reduced spray distance and performance.

USE RESTRICTIONS:
• Do not apply this product in a manner or sequence inconsistent with its labeling.
• Do not use at concentrations exceeding those recommended.
• Do not apply this product in a manner to cause drift onto blooming crops or weeds.
• Do not apply this product in a manner to cause drift onto blooming crops or weeds.
• Do not apply this product to water bodies, or aquatic habitats.
• Do not apply this product to any area where drift may cause injury to humans or animals.
• Do not use this product in a manner that will contact adults, children, or pets, either directly or through spray drift.

CAUTION

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply this product directly to, or to any area where surface water is present, or to any area adjacent to the treated area.

ENVIRONMENTAL HAZARDS

Drift or runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

See Back Panel for Additional Precautionary Statements

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool dry area. Always store pesticides in the original container.

Pesticide Disposal and Container Handling: Do not puncture or incinerate. Nonrefillable container. Do not reuse or refill this container.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Wash skin thoroughly with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Give artificial respiration if breathing stops. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia. For information regarding medical emergencies or pesticide incidents, call 1-800-222-1222. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
