Bengal Foaming Wasp & Hornet Killer should be used outdoors on Wasp, Bee and Hornet nests.

GUARANTEE - If you are not completely satisfied with this Bengal product, call (225) 753-1313 weekdays, 8:30 am - 4:00 pm Central Time. Call or visit our web site at www.bengal.com for the complete guarantee.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a spray that will contact adult, children or pets, either directly or through spray drift. Do not use indoors. All outdoor applications must be limited to spot or crack and crevice treatments only. Application is prohibited directly into sewers or drains, or to any areas like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow product to enter any drain during or after application. Do not make applications during rain.

*This product is non-staining to most home siding and asphalt shingles depending on the condition and cleanliness. However, you should test it in an inconspicuous area for compatibility before using on these surfaces.

TO KILL WASPS, HORNETS, BEES AND YELLOW JACKETS

1. Apply early morning or late evening when the most insects are on the nest.
2. Spray from a safe distance with the wind at your back to avoid spray drift.
3. Do not stand directly under the nest.
4. Make sure nest is well hit, use a jet nozzle at the nest and push button to spray.
5. Soak the nest with the spray contacting as many insects as possible.
6. Wait 24 hours before removing nest to prevent returning insects from being killed.

STORAGE AND DISPOSAL

STORAGE: Protect pesticide containers from extreme heat and cold. Do not contaminate water, food, or feed by storage and disposal.

DISPERSION AND CONTAINER HANDLING: Do not puncture or incinerate! If spilled, leave a trace or order for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard. Do not puncture or incinerate container.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Crops and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwater or rinsate. See Directions for Use for additional precautions and requirements.

FIRST AID

If on skin or clothing

1. Take off contaminated clothing.
2. Rinse skin immediately with plenty of water for 15-20 minutes.
3. Call a physician or poison control center immediately for treatment advice.

If in eyes

1. Squint eyes and firmly squeeze and massage with water for 15 full minutes. Remove contact lenses, if present, after the first 5 minutes. Then continue rinsing eye.
2. Call a physician or poison control center immediately for treatment advice.

If swallowed

1. Immediately call a poison control center or doctor.
2. Do not induce vomiting unless told to do so by a poison control center or doctor.
3. Do not give any liquid to the person.
4. Do not give anything by mouth to an unconscious person.

Note: In the event of a medical emergency or pesticide incident, call 1-800-222-1222.
