Cupron AntiFungal Fibers

Cupron Antifungal Fibers Kill 99.9% of T. mentagrophytes (athlete's foot fungus) after 12 hours of contact with fibers

Active Ingredient

Copper (I) Oxide .................................. 1.95%
Other Ingredients (Garment)........ 98.05%
Total .............................................. 100%

EPA Registration No 84542-11
EPA Establishment No

Manufactured for
Cupron Inc
Suite 123, 800 East Leigh Street, Richmond, VA 23219

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not wash.
Do not dry clean.

Storage and Disposal
Dispose of garment in trash. Do not use clothing for other purposes than as sold.

The use of this textile is a supplement to and not a substitute for standard infection control practices; users must continue to follow all current infection control practices, including those practices related to cleaning and sanitizing/disinfection of textiles. This textile has been shown to reduce microbial contamination, but it does not prevent cross contamination.
Cupron AntiFungal Fibers

Cupron Antifungal Fibers Kill 99.9% of T. mentagrophytes (jock itch fungus) after 12 hours of contact with fibers

Active Ingredient
