Chemico PAA 15% is a peroxyacetic acid-based microbicide developed for Equipment Sanitizing in pulp and paper, food and beverage operations, biogas, anaerobic digesters, sludge digesters, and other feedstock systems. Systemic pathogens, particularly those that are spore-forming, and the associated piping systems due to their construction or function, can be cleaned to reduce the number of microorganisms to acceptable levels. This product is available in liquid and solid forms. This product may be applied using a variety of methods, including brushing, wiping, spraying, and immersing. This product is effective against most gram-negative and gram-positive organisms, including many water molds, protozoa, algae, and yeast.

Chemico PAA 15% is a peroxyacetic acid-based biocidal concentrate for use in water treatment systems and industrial biogas applications.

**STORAGE AND DISPOSAL:**

Storage: Never return this product to the original container after it has been removed. Avoid all contamination, especially of food products. Clean all containers and surfaces thoroughly before handling or before leaving the site. Spills into sewers and watercourses may pose harm to the environment.

Disposal: This product is not considered hazardous waste. It should be disposed of according to local regulations and guidelines. If disposed of as hazardous waste, it must be disposed of in accordance with the applicable hazardous waste disposal regulations. This product must be disposed of in accordance with local, state, and federal regulations.

**ACTIVE INGREDIENTS:**

- Peroxyacetic Acid 15.0%
- Hydrogen Peroxide 29.0%
- TOTAL 44.0%

**INGREDIENTS:**

- Peroxyacetic Acid 15.0%
- Hydrogen Peroxide 29.0%
- TOTAL 44.0%

**FIRST AID:**

In the event of exposure, please consult the material safety data sheet (MSDS) for specific first aid instructions.

**PRECAUTIONARY STATEMENTS:**
