DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions, restrictions, and use precautions. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.

USE RESTRICTIONS:
- This product may only be applied against the pests listed on this label, and by the application methods listed on the label. This product may only be used to control pocket gophers in manual, below-ground applications in lawns.
- Bait must be applied directly into the burrow or tunnel systems.
- Do not apply in gardens and areas where food or feed may become contaminated.
- Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves.
- Do not apply this product by the use of an artificial burrow builder.
- Not to be sold in individual containers containing more than 1 lb. of product.

APPLICATION DIRECTIONS FOR POCKET Gophers:
Apply bait to control pocket gophers using one of the two methods outlined below:

1. Plug Removal Baits: Burrowing pocket gophers in lawns and gardens. For example: 1. Spread out bait in the area where gophers have been observed. Cover the bait with soil. 2. Place plugs in the burrows every few days. 3. Repeat until the burrow is sealed.

2. Main Runway Baits: To locate main runways, probe about 6 to 8 inches from mounds with a metal rod or a strong stick, or other suitable implement. Resistance on probes will stop suddenly. Probes will vary in length. The burrow will be visible. Dig a small hole and apply the bait. 4. Cover the bait with a stone, soil, or other material. 5. Take care not to cover bait with soil.

FOLLOW-UP:
Wear waterproof gloves, collect and dispose of all dead, exposed animals and of leftover bait in accordance with disposal instructions. Use detergent and hot water to wash dishes. Do not use spoons for mixing, holding or transferring food or feed. If repainting does occur, repeat treatment.

NOTICE OF WARRANTY:
This product is warranted to be free from defects in materials and workmanship. The warranty is limited to the replacement of the product or any part thereof. In case of a warranty claim, the consumer must return the product to the place of purchase or to the nearest authorized dealer or distributor. This warranty does not cover any costs or damages incurred by the consumer due to the failure of the product.

FIRST AID:
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-858-7378 (National Pesticide Information Center) for emergency medical treatment information. If you experience signs and symptoms such as nausea, abdominal pain, tightness in chest, or weakness, see a physician immediately. For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice or transport the patient to the nearest hospital. Do not give any liquid to the patient. Do not administer anything by mouth. Do not induce vomiting unless told to do so by a poison control center or doctor.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Remove patient to fresh air. If person is not breathing, call an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.
