**LESCO DIMENSION* 0.15% Plus Fertilizer**

*NOT FOR USE in the state of Oregon and not for commercial use, or for commercial weed protection, or for research purposes.*

In New York State this product may not be used for commercial applications and not more than 0.15 lbs of 0.15% weight percentage per acre (0.15 lbs per 1,000 square feet) may be applied in a single application.

**APPLICATION DIRECTIONS - Control of Crabgrass**

**Pre-emergent and Early Post-emergent Control**

This product provides "pre-emergent" and "early post-emergent" control of crabgrass and its weed traits, including stolons and ramets, and southern annual weeds such as purslane, dandelions, and sow thistle. When applied to the emergence of crabgrass from seed, it controls established crabgrass and prevents its re-emergence from off-site sources. Crabgrass control will be enhanced when applied pre-emergence, and then supplemented with early post-emergence treatments.

**Rates**

- 0.015 lbs per 1,000 sq ft (1.5 lbs per 10,000 sq ft)
- 0.020 lbs per 1,000 sq ft (2.0 lbs per 10,000 sq ft)
- 0.025 lbs per 1,000 sq ft (2.5 lbs per 10,000 sq ft)
- 0.030 lbs per 1,000 sq ft (3.0 lbs per 10,000 sq ft)

**Timing**

Fall applications are not recommended due to less effective control compared to spring applications.

**RATED SPREADER SETTINGS**

1.5 lbs per 1000 sq ft will require a 15% to 30% increase in solution flow rate.

**APPLICATION EQUIPMENT AND INSTRUCTIONS**

Applicator should dispense this product at the above rates. The application equipment shall meet the requirements of applicable regulations. It is recommended to calibrate the spray equipment at an appropriate rate for the intended use and application conditions. The product shall be applied using a hand-held or mounted sprayer equipped with a nozzle and nozzle body designed to give good and uniform coverage.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, feed by improper disposal. Federal, State, and local regulations, including the Clean Water Act, the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), and the Resource Conservation and Recovery Act (RCRA), regulate the storage, use, and disposal of agricultural chemicals, including these products. If the product is now or hereafter subject to FIFRA, it may also be subject to RCRA.

**CONDITION OF LAW AND LIMITATION OF LIABILITY AND REMEDIES**

No warranty is expressed or implied, and the seller shall not be liable in any event for direct, indirect, incidental, or consequential damages, or for any claims for personal injury or property damage.
