STORAGE AND DISPOSAL

DO NOT COMBINE WASTE WITH ROUTINE DOMESTIC WASTE. KEEP OUT OF REACH OF CHILDREN.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes irritation of skin and eyes. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after exposure. CAUTION: Contains a mineral oil concentrate that may be a skin sensitizing agent. Avoid prolonged contact with the product. For cleanup of spills, use water and a non-flammable degreaser.

Pesticide Storage: Store this product only in its original container in a dry, cool, sealed storage area out of reach of children.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Wastes resulting from the use of this product that cannot be rendered safe by treatment with a proper Volumetric Detector or other approved method for pesticide disposal or in accordance with Federal, State or local provisions, or the operation of a Volumetric Detector, are hazardous wastes. Do not discharge this product, its container, or rinsate water from contamination. Do not apply this product in a manner that will result in the contamination of waters, wetlands, or other waters. Do not contaminate water

ENVIRONMENTAL HAZARDS

This product is not biodegradable. It is non-irritating to the skin, eyes or mucous membranes. However, it is toxic to aquatic life. Do not dispose of this product in protected wetland areas. This product may be harmful to aquatic life and should not be applied in or near wetlands, to waters or to areas where surface water exists. Do not apply this product in a manner that will result in the contamination of waters, wetlands, or other waters. Do not contaminate water
