EPA Reg. No. 279-3168-10404  EPA Est. 279-IL-1
Active Ingredient:  By Wt.
Bifenthrin* ........................................ 0.2%
Other Ingredients .............................. 99.8%

*Capsaicin 97% minimum, trans-isomers 3% maximum.

See back panel for additional precautionary information and complete directions for use.

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID
If on skin or clothing:
• Remove contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Get medical treatment or call a poison control center or doctor for treatment advice.

HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
You may also contact:
CHEMTREC (transportation spills) (800) 424-9300.
P&M Corporation for human health & animal health (800) 321-2148.

NOTE TO PHYSICIAN
This product is a spray solution. Large amounts have been ingested, milk, cream and other digestible fats and oils may increase absorption and so should be avoided.

For Information Regarding the Use of this Product Call 1-800-321-5325 (8am - 5pm Monday thru Friday).

PRECAUTIONARY STATEMENTS
Hazard to Humans (and Domestic Animals)
Caution
Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing.

Environmental Hazards
This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply when weather conditions favor drift from treated areas. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

STORAGE AND DISPOSAL
Prohibitions
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage
Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place and avoid excess heat. Carefully open containers. After partial use close tightly.

In case of spill, avoid contact, isolate area and keep out animals and unprotected persons. Contain spills. Call CHEMTREC (transportation spills) (800) 424-9300.

To confine spill: Cover to prevent dispersal. Place damaged package in a holding container. Identify contents.

Pesticide Disposal
Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal
Paper and plastic bags: Non-refillable. Do not reuse or refill this container. Completely empty bag into application equipment. Then offer for recycling. If available, or dispose of empty bag in a sanitary landfill or by incineration, or, by burning. Do not burn unless allowed by state or local authorities. If burned, stay out of smoke.

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climate modification and being grown in interior plantscapes, ornamental gardens or parks, or lawns or grounds.

Do not apply more than 0.2 lb. active ingredient (a.i.) per acre per application on residential use sites (i.e., around private homes, apartment buildings, condominiums, non-agricultural outbuildings, non-commercial greenhouses, pre-schools or day care facilities). May be applied at up to 0.4 lb. a.i. per acre per application on non-residential use sites (i.e., around institutional, public, commercial or industrial buildings; parks; recreational areas or athletic fields).

Do not broadcast apply more than 0.4 lbs. a.i. (200 lbs. LESCO CrossCheck® PL Granular Insecticide) per Acre per year.

Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of run-off.

Do not make applications during rain.

Not for use on golf courses, sod farms, nurseries, in commercial greenhouses or on grass grown for seed.

LAWN AND PERIMETER APPLICATIONS

APPLICATION RATES

The application rates listed in the following tables will provide excellent control of the respective pests under typical conditions. However, at the discretion of the applicator, LESCO CrossCheck® PL Granular Insecticide can be applied at up to 3 x the rate to control each of the insects listed in this table. However, for residential lawn use, do not apply more than 0.2 lb. A.i. per acre per application.

</table>

Note: The amounts of LESCO CrossCheck® PL Granular Insecticide listed in the above tables are based on the total area being treated. This area is determined by multiplying the linear distances by the band width and then adding the total area of all zones to determine the total area to be treated (based on the area treated at the four corners of a rectangular structure).

Fire ant mound treatment: Apply 1/8 cup of LESCO CrossCheck® PL Granular Insecticide per mound in 1 quart of water. The mound should be drenched with sufficient force to break its rim and allow the insecticide to flow into the ant tunnels. Three feet out around the mound. For best results, apply in cool weather (80°F or less) or in early morning or late evening hours. Treat new mounds as they appear. Food sources such as teaspoons and measuring cups should not be used for food purposes after use with insecticide.

INDUSTRIAL NON-AGRICULTURAL APPLICATIONS

Broadcast Spot Applications: For the control of actively foraging ants (including Imported Fire Ants) broadcast uniformly 2.0 to 4.6 lbs. LESCO CrossCheck® PL Granular Insecticide per 1000 square feet (0.6 to 0.6 lb. A.i. per 1000 square feet). See comments section under Lawn Applications for additional rate information.

Perimeter Applications: To apply to ground area to 5 ft wide and adjacent to the structure.

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

Residues: Some insects are known to develop resistance to products used repeatedly for control. Because the development of resistance cannot be predicted, the use of this product should conform to resistance management strategies established for the use area. Consult your local or state pest management authorities for details.

In New York State, this product may NOT be applied to any grass or turf area within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).

**Permit Application:** To apply to ground area to 5 ft wide and adjacent to the structure.

**Boundary Applications:** To apply to soil areas, ornamental gardens, pavement crevices, fencelines, planter areas, vegetation areas and mulch areas.

**INDUSTRIAL NON-AGRICULTURAL APPLICATIONS**

**Broadcast Spot Applications:** For the control of actively foraging ants (including Imported Fire Ants) broadcast uniformly 2.0 to 4.6 lbs. LESCO CrossCheck® PL Granular Insecticide per 1000 square feet (0.6 to 0.6 lb. A.i. per 1000 square feet). See comments section under Lawn Applications for additional rate information.
