DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. For synthetically lined pond and fountain use only, where all water is contained without any outflow. **Warm Weather Caution:** Before using Top Fin AlgaeGone, make certain that the pond has vigorous aeration, i.e., a fountain or aeration device to avoid fish loss due to low oxygen levels. When algae is controlled and removed by the filter or settles to the bottom of the pond, the oxygen level may drop to harmful levels if adequate aeration is not provided. Therefore, when using Top Fin AlgaeGone during warm weather and high water temperatures, vigorous, 24-hour aeration is required for the duration of the treatment. Do not shut off pond pumps and aeration devices at night. Do not overdose. Add 1 ml (1/5 tsp) for each 10 US gallons (38 L) / 5 ml (1 tsp) for each 50 gallons (190 L) / 10 ml (2 tsp) for each 100 gallons (378 L) / 50 ml (10 tsp) for each 500 gallons (1,890 L) of aquarium or pond water. Thoroughly mix Top Fin AlgaeGone into pond water by adding near the pump outflow, waterfall or aeration device. Top Fin AlgaeGone can be mixed in a bucket of pond water and dispersed evenly around the pond. Repeat dose every 3 days until algae is controlled. Siphon or scrape any dead algae from aquarium. Be prepared to siphon out dead filamentous algae. Once algal growth is under control, add 1 dose per week. Weekly doses of Top Fin AlgaeGone will control algal growth and reduce aquarium or pond maintenance. **CAUTION:** Do not use Top Fin AlgaeGone with freshwater crustaceans, including: shrimp, crabs and lobsters. **PRECAUTIONARY STATEMENT: HAZARDS TO HUMANS & DOMESTIC ANIMALS.** **CAUTION:** Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. **FIRST AID:** IF SWALLOWED, call a Poison Control Center (1-800-222-1222) or Doctor immediately for treatment advice. IF ON SKIN, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or Doctor for Treatment advice. IF IN EYES, hold eye open and gently flush with water for 15 minutes. **STORAGE AND DISPOSAL:** Store in a cool, dry place. Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If not, rinse thoroughly before disposing in trash. **ACTIVE INGREDIENT:** Poly[oxyethylene(dimethyliminio)ethylene (dimethyliminio)ethylene dichloride] ............. 4.50% **OTHER INGREDIENTS:** ...................... 95.50% **KEEP OUT OF REACH OF CHILDREN** **CAUTION** See back panel for precautionary and first aid statements.
AlgaeGone

Keeps freshwater aquariums and ornamental ponds clean and clear
• Controls many types of algae in freshwater aquariums and Koi and Goldfish ponds
• Will not harm fish or aquatic plants when used as directed

ACTIVE INGREDIENT:
Poly([oxyethylene(dimethyliminio)ethylene(dimethyliminio)ethylene dichloride]............................................ 4.50%
OTHER INGREDIENTS:.................................. 95.50%

KEEP OUT OF REACH OF CHILDREN
CAUTION
