Kumulus® DF

Fungicide / Acaracide

Active Ingredient:
Sulfur ...................................................................................................................................................... 80%
Other Ingredients: ................................................................................................................................. 20%
Total ..................................................................................................................................................... 100%

KEEP OUT OF REACH OF CHILDREN
CAUTION / PRECAUCION
Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• DO NOT induce vomiting unless told to do so by the poison control center or doctor.
• DO NOT give anything to an unconscious person.

IF IN EYES:
• Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes; then continue rinsing eyes.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15 to 20 minutes.
• Call a poison control center or doctor for treatment advice.

HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
FOR 24-HOUR EMERGENCY MEDICAL ASSISTANCE CALL: 1-866-303-6952 FOR CHEMICAL EMERGENCY: Spill, leak, fire, exposure, or accident call CHEMTREC 1-800-424-9300

EPA Reg. No. 51036-352-2935
EPA Est. No. 7969-DEU-001

See inside for complete First Aid, Precautionary Statements, Directions For Use, Conditions of Sale and Warranty, and state-specific crop and/or use site restrictions.

In case of emergency endangering life or property involving this product, call day or night 1-800-832-HELP (4357). Have the product container with you when calling a poison center or doctor or going for treatment.

Net Weight: 30 lbs

NVA 2014-04-352-0023
Made in Germany

Manufactured by BASF-Sparks LLC for:
WILBUR-ELLIS COMPANY LLC
P.O. Box 16458, Fresno, CA 93755

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Harmful if swallowed. Avoid breathing spray mist. Avoid contact with eyes, skin, and clothing.

In Case of Emergency

In case of large-scale spillage regarding this product, call:

- CHEMTREC: 1-800-424-9300
- Your local doctor for immediate treatment
- Your local poison control center (hospital)
- ASPCA (animal health): 1-800-345-4735

Personal Protective Equipment (PPE)

Some materials that are chemically resistant to this product are listed below. For more options, refer to Category A on an EPA chemical-resistance category selection chart.

Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves made of any waterproof material
- Shoes plus socks
- Protective eyewear

Follow the manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Engineering Controls Statement

When handlers use closed systems, enclosed cabs, or aircraft in a manner that meets the requirements listed in the Worker Protection Standard, 40 CFR 170.240(d), the handler PPE requirements may be reduced or modified as specified in the WPS.

USER SAFETY RECOMMENDATIONS

Users should:

1. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
2. Remove clothing/PPE immediately if pesticide gets inside. Thoroughly wash thoroughly and put on clean clothing.
3. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Environmental Hazards

DO NOT apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. DO NOT contaminate water when disposing of rinsate or equipment washwaters. DO NOT apply when weather conditions favor drift from treated areas.

Endangered Species Concerns

The use of any pesticide in a manner that may kill or otherwise harm an endangered species or adversely modify their habitat is a violation of federal law.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation. All applicable directions, restrictions, precautions and Conditions of Sale and Warranty are to be followed. This labeling must be in the user's possession during application.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

DO NOT enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is:

1. Coveralls
2. Chemical-resistant gloves made of any waterproof material
3. Shoes plus socks
4. Protective eyewear

NON-AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standards for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries and greenhouses. DO NOT allow people or pets on treated surfaces until the spray has dried. DO NOT enter or allow others to enter the treated area until sprays have dried.

USE INFORMATION

Kumulus® DF fungicide/acaricide is a water dispersible sulfur granule.

Crop Tolerance

All listed crops are tolerant to Kumulus DF.

Spray Coverage

Foliation must be thoroughly covered with spray. Dense leaf canopies can prevent adequate spray coverage.

Cleaning Application Equipment

Clean application equipment thoroughly using a strong detergent or commercial sprayer cleaner according to the manufacturer's directions before and after applying this product.

APPLICATION INSTRUCTIONS

Apply the specified rate of Kumulus DF listed in the Application Rates section, Ornamentals and Turf and Crops, when pests or diseases are first noticed. Apply at 1 to 2 week intervals, or as needed and after wet weather.
Air Application Water Volume:
- Orchards - Use no less than 10 gallons of water per acre.
- All other applications - Apply 5 to 20 gallons of water per acre.

Ground Application (Concentrate) Water Volume:
- Orchards - Apply 20 to 100 gallons of water per acre.
- All other applications - Use no less than 5 gallons of water per acre.

Ground Application (Dilute) Water Volume:
- Orchards - Apply 100 to 800 gallons of water per acre.
- All other applications - Apply 20 to 60 gallons of water per acre.

Chemigation Instructions
Apply this product only through one or more of the following types of systems: sprinkler or center pivot, lateral move, end tow, (wheel) roll, traveler, big gun, solid set, or hand move irrigation system(s).

DO NOT apply this product through any other type of irrigation system.

PRECAUTION: Corrosion of aluminum and carbon/galvanized steel irrigation sprinkler systems may be experienced with the use of sulfur fungicides. The end-user assumes all responsibility for use of this product through such systems. If the user elects to apply this product through such systems, it is essential that all application equipment containing this product be thoroughly flushed with clean water after each day’s use. Continue to operate system with clean water until all product has cleared the last sprinkler head. Crop injury or lack of effectiveness can result from non-uniform distribution of treated water. If you have questions about calibration, the pesticide injection pipeline must also contain a functional, normally prescribed safety devices for public water systems are in place. A failure to operate system at normal pressures recommended by the manufacturer of injection equipment used for amount of time established during calibration. Provide constant mechanical agitation in the mix tank to insure that the product will remain in suspension during calibration and operate entire system at normal pressures recommended by the manufacturer of injection equipment used for amount of time established during calibration.

1. If necessary, add a few drops of oil to avoid foaming.
2. Agitate a thoroughly clean sprayer tank 1/2 full of clean water.
3. Kumulus DF - Add specified amount of Kumulus DF.
4. If necessary, add a few drops of oil to avoid foaming.
5. Remaining quantity of water
   Maintain constant agitation during application.

Tank Mixing Information
There is not a list of recommended additives or adjuvants for use with Kumulus® DF fungicide/acaricide.

RESTRICTIONS
- Restricted Entry Interval (REI): 24 hours
- DO NOT apply to or allow spray drift on sulfur-sensitive plants such as D’Anjou pears, apricots, chrysanthemums, cranberries, spinach, or other sensitive crops listed on this labeling.
- DO NOT apply if temperatures during or within 3 days after application are expected to exceed 90°F in the area to be treated.
- DO NOT use within 2 weeks of an oil spray treatment, except for dormant cycle.

PRECAUTIONS
- Sulfur may burn foliage when temperature is excessively high.
- When growing crops for processing, consult the processor before applying sulfur.
## APPLICATION RATES
### Ornamentals and Turf

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED “AS-IS”, AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.

Kumulus® DF
Fungicide / Acaracide

Active Ingredient:
Sulfur .......................................................... 80%
Other Ingredients: ........................................... 20%
Total ............................................................ 100%

KEEP OUT OF REACH OF CHILDREN

CAUTION / PRECAUCION
Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

If swallowed:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• DO NOT induce vomiting unless told to do so by the poison control center or doctor.
• DO NOT give anything to an unconscious person.

If in eyes:
• Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes; then continue rinsing eyes.
• Call a poison control center or doctor for treatment advice.

If on skin and clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15 to 20 minutes.
• Call a poison control center or doctor for treatment advice.

HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the Poison Control Center for emergency medical treatment information: (800) 222-1222.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
CAUTION. Harmful if swallowed. Avoid breathing spray mist. Avoid contact with eyes, skin, and clothing.

In Case of Emergency
In case of large-scale spillage regarding this product, call:
• CHEMTREC 1-800-424-9300
In case of medical emergency regarding this product, call:
• Your local doctor for immediate treatment
• Your local poison control center (hospital)
• ASPCA (animal health): 1-800-345-4735

Environmental Hazards
DO NOT apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. DO NOT contaminate water when disposing of rinseate or equipment washwaters. DO NOT apply when weather conditions favor drift from treated areas.

Endangered Species Concerns
The use of any pesticide in a manner that may kill or otherwise harm an endangered species or adversely modify their habitat is a violation of federal law.

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal. Pesticide Storage
DO NOT store above 104°F. Store in dry place away from heat, sparks or open flame.

Pesticide Disposal
Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact the state agency responsible for pesticide regulation or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal
(for paper or plastic bags)
Nonrefillable Container. DO NOT reuse or refill this container. After completely emptying container into application equipment, dispose of empty bag in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities. See attached booklet for complete Precautionary Statements, Directions for Use and state-specific crop and/or use site restrictions.
