For use on edamame

This supplemental label expires August 31, 2016, and must not be used or distributed after this date.

Active Ingredient:
ammonium salt of imazamox: 2-[4,5-dihydro-4-methyl-4-(1-methylethyl)-5-oxo-1H-imidazol-2-yl]-5-(methoxymethyl)-3-pyridinecarboxylic acid* .......................................................... 12.1%
Other Ingredients: .......................................................................................................................................... 87.9%
Total: ............................................................................................................................................................... 100.0%

*Equivalent to 11.4% 2-[4,5-dihydro-4-methyl-4-(1-methylethyl)-5-oxo-1H-imidazol-2-yl]-5-(methoxymethyl)-3-pyridinecarboxylic acid.

1 gallon contains 1.0 pound of active ingredient as the free acid.

EPA Reg. No. 241-379

Directions For Use

• It is a violation of federal law to use this product in a manner inconsistent with its labeling.
• The supplemental labeling and the entire Raptor® herbicide container label, EPA Reg. No. 241-379, must be in possession of the user at the time of application.
• Read the label affixed to the container for Raptor before applying.
• Use of Raptor according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Raptor.

Edamame
(Vegetable Soybean)

Not for use on edamame in California.

Raptor use on edamame may lead to crop injury or loss. Users or growers should evaluate Raptor for crop response on the varieties being grown to determine if Raptor use is acceptable.

Use Rate

Early Postemergence Application. Apply Raptor to edamame at the broadcast rate of 4 fl ozs/acre (0.031 lb imazamox ae/acre). Base application timing on weed size and crop growth stage. Apply to actively growing crop and weeds.

Apply Raptor after edamame emergence and before fourth trifoliate when weeds are less than 3-inches tall. DO NOT apply Raptor after edamame begins flowering.

Nonionic surfactant containing at least 80% active ingredient should be used at a rate of 1 quart per 100 gallons of spray solution.

For weeds controlled or suppressed in edamame, refer to Weeds Controlled (Dry Beans and Dry Peas [other than English Pea, Lima Bean (Succulent), Snap Bean, and Clearfield® Lentil]) in Crop-specific Information section of the product container label.

Edamame Restrictions and Limitations

• DO NOT apply Raptor after edamame begins flowering.
• DO NOT make more than one Raptor application to edamame per year (growing season).
• DO NOT apply more than 4 fl ozs Raptor/acre (0.031 lb imazamox ae/acre) to edamame per year (growing season).
Replanting

If replanting is necessary in a field previously treated with Raptor® herbicide, the field may be replanted to edamame. Rework the soil no deeper than 2 inches. DO NOT apply a second treatment of Raptor. DO NOT apply Pursuit® herbicide, Pursuit® Plus EC herbicide, or Raptor if edamame or soybeans are replanted.

Rotational Crop Restrictions

Edamame may be planted anytime after applying the specified rate of Raptor for a labeled use.
# Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION (“BASF”) or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER’S EXCLUSIVE REMEDY AND BASF’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
