Snail Control

DEADLINE® MPs® apply in a band, between rows and/or directed towards base of the plant. For use on ornamentals, artichokes, blueberries, caneberries, strawberries, lettuce, cole crops and listed leafy greens, mint, and tomatoes apply in a band, between rows and/or directed towards base of the plant. Prior experience has shown most plants are not sensitive to DEADLINE® MPs® Mini-Pellets. However, for some plants may cause adverse effects. Please consult the label or contact AMVAC® for more information.
