If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTICE: Remove dial to the container or label when calling a poison control center or a doctor or for treatment guidance. You may also call 1-877-416-7330 for emergency, medical treatment information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. DO NOT ALLOW CHILDREN TO APPLY PRODUCT. To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Do not use on cats, rabbits, or animals other than dogs. Do not allow your dog to ingest this product. Do not use on puppies under 8 weeks of age or less than 4 lbs. Use entire contents of tube on each dog. Do not split one tube between dogs. Do not use multiple tubes on one dog. Weigh your dog to be sure you are applying the right dose formula for the weight of your dog. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied.

Side effects: Monitor your dog after application. Some dogs may experience temporary transient effects when any product is applied. Dogs may experience some temporary irritation at the site of product application such as redness, scratching, or itching. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water if these or other side effects occur, consult your veterinarian or call 1-877-416-7330. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating application. The most common signs of accidental ingestion are excessive salivation and balking at the mouth. If these symptoms occur, immediately feed your dog and continue to monitor your dog for the next 24 hours.

DO NOT USE ON CATS. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

How to open: Remove product tube from the package. Separate one tube from the others. Hold the tube with right hand and pointing up and away from the face and body. Use scissors to cut off the narrow end at the ratchets along the line. How to apply: Insert tube over dog's and use open end to part dog's hair. Squeeze tube firmly to apply all of the solution to the dog's skin, as directed below. Do not apply more than once every 4 weeks.

For Dogs Weighing 4.1-22 lbs. Do not apply to dogs weighing less than 4 lbs. Apply one tube (0.37 mL/0.023 fl oz) as a spot on the dog's back between the shoulder blades.
