HAZARDS TO DOMESTIC ANIMALS - CAUTION:
Debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur.

HAZARDS TO HUMANS - CAUTION:

• Call a poison control center or doctor for treatment advice.

• Call the Poison Control Center at 800-234-2269 for emergency or for product use information.

• Have the product container or label with you when calling a poison control center, doctor, or veterinarian or going for treatment.

• For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 800-234-2269, 24 hours per day, 7 days per week.

• For Mosquitoes: Fog. Use the recommended rate of 0.5 oz. per 1000 sq. ft. Do not spray on indoor surfaces. Do not spray on plants if plants are to be eaten. Do not spray on or near swimming pools or fountains.

• For Fleas and Ticks: Spray. Use the recommended rate of 1 oz. per 100 lbs. of body weight. The coat should be damp but not saturated.

• For Indoor Use Only. Do not apply this product to puppies less than 10 weeks of age. Do not use on other animals.

IMPORTANT! READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS OR PUPPIES (10 WEEKS OF AGE OR OLDER). DO NOT USE ON OTHER ANIMALS!

DIRECTIONS FOR USE - It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This highly effective combination of ingredients provides quick relief from biting fleas and continuous killing of flea eggs laid on the animal, breaking the flea life cycle.

Recommended Rate:

3. For all dogs, spray until damp, not saturated. Do not allow dogs/puppies to become wet. Do not allow dogs/puppies to come into contact with treated areas.

2. With cloth, rub on face around mouth, nose, and eyes. Then spray the neck, middle chest. If you see a tick, spray it directly.

1. For best results, ruffle the coat while spraying against the natural lay of the hair. Spray until the coat is damp, not saturated. Do not allow dogs/puppies to become wet. Do not allow dogs/puppies to come into contact with treated areas.

Recommended Site:

For Fleas and Ticks: Spray the coat while ruffling it, including the long tail, legs, genital area, and hind quarters, finishing with legs and tail last. Avoid spraying rectum and genitals.

Recommended Areas:

For Mosquitoes: Fog. Use the recommended rate of 0.5 oz. per 1000 sq. ft. Do not spray on indoor surfaces. Do not spray on plants if plants are to be eaten. Do not spray on or near swimming pools or fountains.

HAZARDS TO DOMESTIC ANIMALS - CAUTION:
For external use only. Drooling may be observed for a short period of time immediately following product application. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

IF IN EYES
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.

DO NOT RUB EYES.
• Call a poison control center or doctor for treatment advice.

INHALED INTO LUNGS
• Remove any obstructing foreign objects.

WHAT TO EXPECT:
• A light, even coverage of the hair coat (as applied for flea control), spray until the coat is damp, not saturated.

   - Note that the recommended dose is about 4 squeezes of the trigger sprayer per pound of body weight. Short-haired dogs/puppies will need less; more spray may be needed for long-haired dogs/puppies. In all cases, apply spray to the trigger sprayer per pound of body weight. Short-haired dogs/puppies will need less; more spray may be needed for long-haired dogs/puppies. In all cases, apply
   - Avoid spraying rectum and genitals.
   - With cloth, rub on face around mouth, nose, and eyes. Then spray the neck, middle and hind quarters, finishing with legs and tail last. Avoid spraying rectum and genitals.
   - For indoor use only. Do not apply this product to puppies less than 10 weeks of age and do not apply this product to other animals.
