Adams™ Plus Flea & Tick Spot On® for Dogs is most effective when used as part of a total flea and tick management program. Use other treatments recommended for residential area control of these pests in conjunction with this treatment. Monthly treatments are required for optimal control and prevention of infestations.

For Extra Large Dogs/Puppies Weighing 61-150 LBS

To apply the Adams™ Plus Flea & Tick Spot On® for Dogs treatment, manually push aside dog’s/puppy’s hair to allow direct application to the skin. When applying, make sure to distribute the solution over the entire dog/puppy, brushing some of the solution to run off the side of the dog/puppy. Do not apply an excessive amount of the solution at any one spot that could cause a run-off and stain the skin of the dog/puppy.

DO NOT USE ON DOGS/PUPPIES LESS THAN 61 LBS. This product is not a substitute for prescribed heartworm preventative. Do not use this product on debilitated, aged, sick, or pregnant dogs/puppies, puppies less than 12 weeks of age, or pregnant or nursing cats. Do not use on pets less than 61 lbs.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

HAZARDS TO DOMESTIC ANIMALS

DO NOT USE ON OTHER ANIMALS.

HAZARDS TO TRASH DUMPSTERS

DO NOT DISPOSE OF IN OR AROUND TRASH DUMPSTERS.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its tightly closed original container, when not in use. Some areas have additional requirements for disposal of pest control products.

CONTAINER DISPOSAL: Do not reuse empty container. Empty container is recyclable; otherwise, container can be disposed of in trash.

ADAMS™ Plus Flea & Tick Spot On® for Dogs works by application of the material over the skin. Treatment of dogs/puppies with Adams™ Plus Flea & Tick Spot On® for Dogs rapidly kills lice and may reduce the incidence of the condition.
