PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

Do not use on cats or puppies less than 12 weeks old or weighing less than 5 lbs. Do not use this product on debilitated, aged, medicated, pregnant or nursing animals or on animals known to be sensitive to pesticide products without first consulting a veterinarian. Sensitization, such as red transient reactions of the skin or the site of applications, may occur after using any pesticide product for pets. A sign of sensitivity occurs, bathe your pet with mild soap, rinse with large amounts of water, and consult a veterinarian immediately.

HAZARDS TO DOMESTIC ANIMALS

Do not use on dogs or puppies less than 12 weeks old or weighing less than 5 lbs. Do not use this product on debilitated, aged, medicated, pregnant or nursing animals or on animals known to be sensitive to pesticide products without first consulting a veterinarian. Sensitization, such as red transient reactions of the skin or the site of applications, may occur after using any pesticide product for pets. A sign of sensitivity occurs, bathe your pet with mild soap, rinse with large amounts of water, and consult a veterinarian immediately.

NOTICE TO USER

In case of emergency or for product information, call 800-234-2269 or contact your veterinarian if your pet is experiencing an adverse event.

FIRST AID

IF IN EYES
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING
• Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

IF INHALED
• Get fresh air immediately. If not breathing, give artificial respiration.
• Call a poison control center or doctor for treatment advice.

IF SWallowed
• Do not induce vomiting unless directed to do so by a physician or poison control center.
• Call a poison control center or doctor for treatment advice.

WARRANTY AND CONDITIONS OF SALE:

Selle warrants that this product conforms to the chemical specifications expressed on the label. To the extent it is not consistent with applicable law, Seller makes no other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose, to the extent consistent with applicable law, Seller shall have no liability for consequential damages.

REVIEW ENTIRE LABEL BEFORE EACH USE IMPORTANT — USE ONLY ON DOGS OR PUPPIES

DO NOT USE ON CATS OR PUPPIES LESS THAN 12 WEEKS OF AGE OR OLDER

DO NOT USE ON CATS

DIRECTIONS FOR USE WITH Smart Shield® APPLICATOR

To load, place tube white side up into the open Smart Shield® applicator tip. Ensure that tube fits securely in the Smart Shield® applicator device.

To apply the Bio Spot Active Care® Flea & Tick Spot On® for Dogs treatment, use one disposable liquid tube for each application with the applicator device.

1. OPEN
• Use finger scoop to lift open green door.

2. LOAD
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

3. CLOSE
• Gently close the green door and the tube will snap open.

4. APPLY
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

5. DISPOSE
• When finished, hold the Smart Shield® applicator device over trash. To dispose of empty tube, open green door and drop empty tube into trash or offer for recycling if available. Close the Smart Shield® applicator device and store in original package.

This product is most effective when used as part of a total flea and tick management program. Use other Bio Spot Active Care® products registered for residential area control of these pests in conjunction with this treatment. Monthly treatments are required for optimal control and prevention of fleas. Although the dog/puppy’s skin and hair oils will distribute the application over the entire dog/puppy, brushing the dog/puppy 12-24 hours after treatment will help to distribute the material over the skin.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep this product in its tightly closed original container, when not in use. Store in a cool, dry, well-ventilated area under this label and do not allow to freeze. Do not store under any conditions that could exceed the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

CONTAINER HANDLING: Do not reuse empty tube. If empty, Place in trash after her recycling is available. Rerelate it. Call your local waste agency for disposal instructions. Never place unlabeled product down any indoor or outdoor drain.

Side Effects: Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal upset such as vomiting or diarrhea from use have been reported. If there are other side effects occur, consult your veterinarian or Bio Spot Active Care® at 800-234-2269.

DO NOT USE ON CATS

Keep cats away from treated dogs/puppies for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

FOR TOY/SMALL SIZE DOGS/PUPPIES (5-14 lbs)

Bio Spot Active Care® Flea & Tick Spot On® for Dogs works by application directly to the dog/puppy’s skin, not to the fur. When applying, use the Smart Shield® applicator device to push open the Smart Shield® tip to allow client application to the skin. Bio Spot Active Care® Flea & Tick Spot On® for Dogs provides a unique Smart Shield® applicator device that allows dog/puppy owners to treat their dogs/puppies more securely, and dispose of liquid tubes with less mess. Note: Each package contains sufficient tubes for 3 applications.

WARRANTY AND CONDITIONS OF SALE:

Do not use on dogs or puppies less than 12 weeks of age. Do not apply to dogs/puppies weighing less than 5 lbs. Do not apply more than one tube per dog/puppy and do not feed more than once per month. Do not allow your dog/puppy to ingest this product. Do not bathe your dog/puppy 48 hours prior to application.

Bio Spot Active Care® Flea & Tick Spot On® for Dogs provides a unique Smart Shield® applicator device that allows dog/puppy owners to treat their dogs/puppies more securely, and dispose of liquid tubes with less mess. Note: Each package contains sufficient tubes for 3 applications.

Ergonomically contoured for easy handling

Will not drip after opening

Closing applicator door automatically opens tube

Helps to Prevent Getting Liquid on Hands

Delivers Better Grip

Tip parts hair to help get down to the skin
