**Algae Clear**

*Chemically and physically removes algae while ensuring cleanliness*  
*No phosphate testing required while removing phosphates*

**Active Ingredient:**  
benzyl ammonium chloride .................................. 40.0%

**Other Ingredients:** ........................................ 60.0%

**Net Contents 1 QT (32 fl. oz.) / 946 ml**

**Measurements are in Inches**

3.125" (L) x 3.75" (W) x 4.875" (H)

**DANGERS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**PREScriptive Labeling.**

**IF SWALLOWED:**

1. Call a poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor.

**IF INHALED:**

1. Move person to fresh air. If person is not breathing, give artificial respiration, preferable with mask or resuscitation device.

**IF IN EYES:**

1. Rinse eye. Call poison control center or doctor for further treatment advice.

**IN CASE OF EMERGENCY CALL:**

1. Call 1-800-654-6911 (Pool Breeze® Helpline) from 8:00 A.M. - 10:00 P.M. EST. Specialists are available 7 days a week.

**KEEP OUT OF REACH OF CHILDREN**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**PRECAUTIONARY STATEMENTS.**

**SDS AVAILABLE:**

1. Call 1-800-654-6911 for a copy of the SDS (Safety Data Sheet).

**DIRECTIONS FOR USE**

1. Operate the pump continuously for 4 hours after running the pump for at least 4 hours after applying the product in a manner consistent with its labeling.
2. For clean pools, add 6.4 fl. oz. per 10,000 gallons of water. Maintain the circulation by circulating for a few hours.
3. Pour directly into the water by distributing along the edge of the pool.
4. Operate the pump continuously for 15 minutes after application.
5. After 24 hours, if necessary, brush dead algae off pool surfaces. If algae is still present, add an additional amount and allow 24 hours for distribution.

**MAINTENANCE:**

1. Allow the pump to circulate for several hours after application before shock treatment. Test the water and adjust to the proper pH levels. After pool is no longer in use, shock pool to eliminate any algae present at time of closing and by removing the nutrient phosphate that may be present.
2. Waterline, shut down filter, drain pump and circulate for a few hours. Clean pool and wash clothing before reuse.
3. Clean or backwash the filter following the directions for use. Sunlight, rainfall, bromine, biguanide, salt water, ozone, and approved sanitizers including chlorine, are effective in killing algae. Avoid breathing vapor or spray mist. Avoid contact with eyes, mouth or skin. Do not get into eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses), rubber gloves, and wash clothing and wash clothing before reuse. Do not induce vomiting unless told to do so by medical personnel. If person is still unconscious, do not give anything by mouth to an unconscious person. Do not induce vomiting unless told to do so by a poison control center or doctor. Have the product container or label with you when calling a poison control center or doctor.

**ENVIRONMENTAL HAZARDS:**

1. Keep away from heat or open flame. Keep away from persons and children unfamiliar with pool care.
2. Under adverse conditions, pool water may become cloudy. Do not add more shock. If not, discard in trash.
3. Do not dispose of in sewage system or on land or in water bodies.

**STORAGE AND DISPOSAL:**

1. Keep out of the reach of children. Store in a cool, dry place. In case of spill, clean or backwash the filter following the directions for use. For water treatment, call the Pool Breeze® Helpline from 8:00 A.M. - 10:00 P.M. EST. Specialists are available 7 days a week.
2. Store in a dry, cool place. Do not dispose of by burning. Do not freeze.

**IN CASE OF SPILL:**

1. Clean or backwash the filter following the directions for use. Sunlight, rainfall, bromine, biguanide, salt water, ozone, and approved sanitizers including chlorine, are effective in killing algae. Avoid breathing vapor or spray mist. Avoid contact with eyes, mouth or skin. Do not get into eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses), rubber gloves, and wash clothing and wash clothing before reuse. Do not induce vomiting unless told to do so by medical personnel. If person is still unconscious, do not give anything by mouth to an unconscious person. Do not induce vomiting unless told to do so by a poison control center or doctor. Have the product container or label with you when calling a poison control center or doctor.

**NOTES:**

1. Keep out of reach of children. Store in a cool, dry place. In case of spill, clean or backwash the filter following the directions for use. For water treatment, call the Pool Breeze® Helpline from 8:00 A.M. - 10:00 P.M. EST. Specialists are available 7 days a week.
2. Keep out of the reach of children. Store in a cool, dry place. Do not dispose of by burning. Do not freeze.
3. Do not dispose of in sewage system or on land or in water bodies.
4. Under adverse conditions, pool water may become cloudy. Do not add more shock. If not, discard in trash.
