DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Please read entire label before using this product.

Use Restrictions: Do not allow adults, children or pets to enter the treated area or contact treated surfaces until spray has dried. Do not apply this product in a way that will contact any person, pet, either directly or through drift. Keep people and pets out of the area during treatment. Exit area immediately and remain outside the treated area until sprays have dried.

For residual pest control in and on buildings and structures and their immediate surroundings, and on outdoor areas. Permitted Areas of Use Include: industrial buildings, houses, apartment buildings, laboratories, greenhouses, and the nonprofit feed/food areas of stores, warehouses, sheds, trailers, schools, nurseries, day camps, bath houses, seed houses, food handling establishments, packaging and processing plants, commercial, industrial, office, institutional and storage areas, mosquito and railroad treatment areas. Do not use as a coarse, low pressure spray to areas where these pests hide, such as baseboards, cabinets, corners, storage areas, closets, under sinks, around water pipes, doors and windows, attics, and door frames and localized areas of floor and floor coverings where these pests may be present.

Ants, Carpenter Ants, Centipedes, Cockroaches

Cockroaches (Clean-out). . . . . . . . . .0.2% . . . .2 fl oz per 1 gal water

INDOORS
Restrictions for Indoor Use
Do not use water-based sprays in cabins, mobile homes, or water-based sprays, or other electrical equipment due to possible shock hazards. Do not use groups of buildings, structures, and their immediate surroundings, and on outdoor areas. Permitted Areas of Use Include: industrial buildings, houses, apartment buildings, laboratories, greenhouses, and the nonprofit feed/food areas of stores, warehouses, sheds, trailers, schools, nurseries, day camps, bath houses, seed houses, food handling establishments, packaging and processing plants, commercial, industrial, office, institutional and storage areas, mosquito and railroad treatment areas. Do not use as a coarse, low pressure spray to areas where these pests hide, such as baseboards, cabinets, corners, storage areas, closets, under sinks, around water pipes, doors and windows, attics, and door frames and localized areas of floor and floor coverings where these pests may be present.

Ants, Carpenter Ants, Centipedes, Cockroaches
(Maneckizer) Crickets, Earwigs, Spiders, Silverfish, Sowbugs, Mites, Monarchers, Pillbugs, Silverfish, Sowbugs, Ticks. . .0.01% . . . .0.1% . . . .0.5% per 1 gal water
Cockroaches (Clean-out). . . . . . . . .0.2% . . . .2 fl oz per 1 gal water

INFECTIOUS MATERIALS
This product is extremely toxic to both aquatic and terrestrial invertebrates. To protect the environment, do not allow pesticide to enter run off or into storm drains, sewers, surface water bodies or soil. Applying this product in cold weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinse application equipment over the treated area will avoid run off to water bodies or drainage systems. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product to or allow it to drift into areas where bees are actively visiting the treatment area.

FIRST AID
In eyes: Hold open eye and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye. Call a poison control center or doctor for treatment advice. If ON SKIN OR CLOTHING: Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If INHALED: Move person to fresh air if person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. NIT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-888-979-4137.

Note: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller shall have no liability for consequential damages.
STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE:
Store product in original container and keep container closed when not in use. Do not store near food or feed. Protect from freezing. In case of spill or leak on floor or paved surfaces, soak up with sand, earth or synthetic absorbent. Remove to chemical waste area.

PESTICIDE DISPOSAL:
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for Guidance.

CONTAINER DISPOSAL:
Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
