Sawyer® Premium Family Insect Repellent
Controlled Release

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label. Use Restrictions: Apply this product only to exposed skin as specified on the label. Do not apply it near food. Do not apply on broken skin. Do not apply near eyes or mouth, and avoid splashing around eyes. Never use repellent on cats, wounds or irritated skin. Do not allow children to handle this product, and do not apply to children’s hands. Do not use on infants. Do not apply more than 3 times per day to children ages twelve (12) and under. Will not damage cotton, wool or nylon. Do not apply on or near acetate, acrylic, spinel or other synthetic fabrics (other than nylon), furniture, plastics (such as eyeglasses and watch crystal), leathers and painted or varnished surfaces (including automobiles). Use of this product may cause skin or allergic reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you.

Application: Squirt into one hand, rub hands together and apply thoroughly in a thin layer to the forearms. Use additional lotion for upper arms. Request for other exposed areas. To apply to face, squeeze into palm of hand and spread sparingly on face and neck. When using on children, apply to your own hands and then put it on the child. Use just enough repellent to cover exposed skin. Wipe excess from hands after applying. Avoid over-application of this product. Heavy application and saturation is unnecessary for effectiveness. For maximum protection, spread evenly with hands to maintain all exposed skin. If biting insects do not respond to this film of repellent, apply a bit more. After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when this product is used repeatedly in a day or over consecutive days.

STORAGE AND DISPOSAL: Do not communicate water, food, or feed by storage or disposal. PESTICIDE STORAGE: Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals. PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of in a site or at an approved waste disposal facility. CONTAINER DISPOSAL: Most refillable containers. Do not reuse or refill this container. If empty, Place in trash or offer for recycling if available. If guilty, fill out. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
