**Chemical Information:**

- **Sodium Dichloro-s-Triazinetrione Hydrated**: 99%

**Pantone**

- 3545C

**Process Colors:**

- **Yellow**

---

**Mechanical Development Log**

*AND TECHNICAL REQUIREMENTS.*

---

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**STORAGE AND DISPOSAL:**

- Oxidizing material. Keep away from flames, sparks and all sources of heat. Avoid contact with organic material.
- Do not contaminate water, food or feed by storage and disposal.

---

**PRECAUTIONARY STATEMENTS**

- If exposed or ingested, seek medical attention immediately. Do not induce vomiting.
- If eye contact occurs, rinse with large amounts of water for 15-20 minutes. Seek medical attention immediately.
- If skin contact occurs, rinse with water for 15 minutes. Seek medical attention immediately.
- If inhaled, move to fresh air. If not breathing, call a poison control center or doctor for further treatment advice.

---

**WARRANTY**

- 100% MONEY BACK GUARANTEE

---

**First Aid**

- **IF INHALED**
  - Move to fresh air. If not breathing, call a poison control center or doctor for further treatment advice.

- **IF IN EYES**
  - Rinse skin immediately with plenty of water for 15-20 minutes. Seek medical attention immediately.

- **IF SWALLOWED**
  - Do not induce vomiting. Rinse mouth. Rinse stomach with large amounts of water. Seek medical attention immediately.

**33” Nest cut**

34 1/8” est. area

---

**The 33” x 39” Nest Cut area is available for copy.**

---

**34 1/8” Est. area**
**DIRECTIONS FOR USE**

1. **Initial Application**
   - For new or older pools, apply 15 pounds per 10,000 gallons of pool water. Stir the granules until fully dissolved. The 10.5" x 33" Print Limit area is available for copy.

2. **Reapplication**
   - After application of chlorine granules, use another 3 pounds of chlorine granules per 10,000 gallons of pool water every 7 to 10 days for proper chlorine residual.

3. **PH Adjustment**
   - Adjust pH to between 7.2-7.6. Ensure all pool equipment is working properly. When using other products as outlined in the directions for this product, always follow directions on those products.

**PRECAUTIONARY STATEMENTS**

- **HARMFUL IF SWALLOWED OR ABSORBED THROUGH SKIN**
- **MAY BE FATAL IF INHALED**
- **CAUSES IRREVERSIBLE EYE DAMAGE**

**PRODUCT DISPOSAL**

- Store and dispose of this product in accordance with local, state and federal regulations. Wherever possible, be sure to recycle used containers.

**WARRANTY**

- In case of contamination or decomposition do not reseal container. If possible, isolate container and do not incinerate. Call your local waste disposal authority for advice on the disposal of this product.

**ALGAE CONTROL**

- Before treating the pool, chemically balance the water and adjust pH to 7.4-7.6. Brush and vacuum the pool. Sprinkle the powder or pour the pre-dissolved treatment dose (see NOTE above) into the water around the edges of the pool. For WHITE PLASTER POOLS, broadcast this product directly into the pool water. For VINYL, FIBERGLASS, or any pool surface lacking chlorine, follow the application procedure, pre-dissolve this product prior to applying evenly to the deep end of the pool. Dissolve this granules that may have settled to the bottom of your pool. NEVER ALLOW UNDISSOLVED PRODUCT TO REST IN CONTACT WITH GUNITE OR REST IN THE FILTER SYSTEM. Use two pounds per 10,000 gallons for medium to heavy algae growth and one pound for light algae growth. Check for metals. Before using this product, add stain and scale inhibitor to prevent staining of the pool floor. After treating, run the filter system for 24 hours. Use two pounds per 10,000 gallons. Disperse any granules that may have settled to the bottom of the pool. Brush any remaining algae and clean the pool floor with pump running. Use two pounds per 10,000 gallons for medium to heavy algae growth and one pound for light algae growth.

**PRODUCT SPECIFICATIONS**

- **Net Contents**: 50 (15.52 kg)
- **PH Range**: 7.0-7.5
- **pH Adjusting Agent**: NaOH (Caustic Soda)
- **Color Critical Copy Area**: 8.5''
- **Critical Copy Area**: 8.5''
- **Non-Printing Colors**: Pantone 3545C
- **OTHER INGREDIENTS**: 1%
- **Total**: 100%
- **GRANULES**: Eliminates chlorine odor
- **DISPERSANT**: Eliminates silvering.

**SAFETY AND HANDLING**

- Avoid contact with eyes, skin, clothing, or food. Do not get in eyes, on skin, or on clothing. Do not inhale dust, vapor, or spray mist. Wear protective eyewear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling.

**COMMENTS**

- Chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not store near direct sunlight. Do not use on pool surfaces containing unfinished areas or new unprotected cement. Do not use with biocides containing 1,2 dichloro-3,5-bis(2-chloroethyl)benzene. Use only clean dry utensils. Mix only into water. Contamination with moisture, or any chemical other than intended may result in loss of effectiveness. Use strictly in accordance with precautionary statements and directions.

**CAUTION**

- The Panel On-Centers must remain as a group. They are shown here in the preferred default position. They can be shifted to the Left as needed.
