PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGERS
CORROSIVE. CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS. EYE CONTACT MAY CAUSE LOSS OF VISION. HARMFUL IF INHALED. IRRITATING TO NOSE AND THROAT. HARMFUL IF ABSORBED THROUGH SKIN OR SWALLOWED. PERSONS MUST WEAR CHEMICAL RESISTANT GLOVES WHILE PLACING THE TABLET IN THE SWIMMING POOL/SPA. AVOID BREATHING DUST OR SPRAY MIST. DO NOT GET IN EYES, ON SKIN OR ON CLOTHING. PROLONGED OR FREQUENTLY REPEATED SKIN CONTACT MAY CAUSE ALLERGIC REACTIONS IN SOME USERS. WEAR GOGGLES WITH SIDE-SHIELDS, FACE SHIELD OR SAFETY GLASSES, PROTECTIVE CLOTHING AND CHEMICAL-RESISTANT GLOVES. WASH THOROUGHLY WITH SOAP AND WATER AFTER HANDLING AND BEFORE EATING, DRINKING, CHEWING GUM, USING TOBACCO, OR USING THE TOILET. REMOVE AND WASH CONTAMINATED CLOTHING BEFORE REUSE.
SPECIAL PRECAUTIONS: PLEASE READ BEFORE OPENING CONTAINER. MISUSE MAY RESULT IN SERIOUS PERSONAL INJURY REQUIRING HOSPITALIZATION. RELATED COMPLICATIONS MAY LEAD TO DEATH.
GENERAL PRECAUTIONS AND RESTRICTIONS
USE WITH ADEQUATE VENTILATION. DO NOT SMOKE, DRINK, OR EAT WHEN HANDLING. DO NOT SWIM WITH FOODS, FEEDS, DRUGS, OR CLOTHING. KEEP CONTAINER TIGHTLY CLOSED WHEN NOT IN USE.
PREVENTION OF PHYSICAL INJURY:
1. This product emits a powerful bromine gas. Do not open container indoors. Hold away from face when opening to avoid breathing fumes.
2. Mixing with other chemicals may cause a violent and instantaneous chemical reaction. Do not add this product to water in a pail. Do not add water to this product in a pail.
3. Follow label instructions exactly. Do not take advice from others. Do not experiment.
PREVENTION OF PROPERTY DAMAGE: Contact between this product in its undissolved state and vinyl liners, painted surfaces or other property in or around the pool will result in permanent bleaching of the color.
ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.
PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT. Do not mix with other chemicals. Mix with water only. Reaction with combustible organic materials, bases, moisture or oxidizers may generate heat, hazardous gases, and, possibly, fire or explosion. Do not disassemble or other equipment that is not dry and clean of any chemical residues. Do not burn waste. Do not decompose from about 320°F (160°C) releasing toxic gases. Avoid combustion and dusting.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use strictly in accordance with precautionary statements and directions.
Keep PH between 7.2 and 7.8 and never allow it to fall below 7.0. The treatment necessary for your pool or spa will change considerably depending upon those factors that burden the disinfection system. Some of the factors that will vary the required treatment are water temperature, bather load, exposure to wind, waves, wind-drifts, debris, thunder, rain storms, and length of filtration cycle. Users must wear chemical-resistant gloves while placing the tablet in the spas.
SPAS AND HOT TUBS: Before initially using this product in your spa or hot tub you will need to add 1/2 oz. of sodium bromide for each 100 gallons of water. The same treatment must be followed each time you drain and refill your spa or hot tub with fresh water. Introduce 3 tablets per 300 gallons of spa water with the use of a floating tablet feeder or automatic brominator installed on the spa equipment. Adjust tablet feeder or brominator to deliver 1/2 to 3/4 active bromine residual of at least 2 ppm. Maintain spa by adding tablets per 300 gallons every 5–7 days or as needed to maintain an active bromine residual of 1.5 ppm or 2 ppm at all times. Spa water has a tendency to foam and cloud, this is directly proportional to the amount of spa use. Cloudiness is due to the accumulation of body oils, oils, and contaminants too small for the filtration equipment to remove, and it is linked to rapid escalation of total dissolved solids in the water. To a great extent, defoamers, slammers, as well as shock treatments, demineralizers, or sequester agents can be used to clear the water. When water clarification cannot be achieved, drain, clean, and refill the spa.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.
PESTICIDE STORAGE: Keep this product dry in the tightly closed, original container when not in use. Store in dark, cool, below 85°F (30°C), dry, well-ventilated area. Keep product away from energy sources, combustible organic materials, oxidizers, strong bases, and moisture.
PESTICIDE DISPOSAL: Pesticide wastes are acutely Hazardous. Improper disposal of excess pesticide, spray mixture, or rinsewater is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
CONTAINER HANDLING: Non-returnable container. Do not reuse or refill this container. Offer for recycling, if available, or puncture and dispose of in sanitary landfill.
SPILLS: When handling or dealing with spills, use gogges with side shields, face shield, protective clothing, including chemical-resistant gloves and boots, use a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for pesticide disposal. If container contents are contaminated or decomposing, do not reuse container. Isolate unused container in the open in a well-ventilated area. Store with large volumes of water if not in use.
IN CASE OF FIRE: Do not use ammonium phospate extinguisher near water and this product. Hazardous reactions may occur.

Spa and Hot Tub Gallon Calculator (all dimensions in feet)
Square or Rectangular: Length x Width x Average Depth x 7.5 = Gallons
Round or Oval: Length x Width x Average Depth x 5.7 = Gallons
Each Tablet Weighs 0.70 ounces (19.6 Grams)

Theft, copy, duplication, or transfer for resale is strictly prohibited. Copying or transfer for resale is strictly prohibited.
