Stay Away® is a registered trademark of EarthKind, LLC. All rights reserved.

EarthKind, LLC represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.

This innovative product was invented out of necessity. I was offended by the toxic smell of moth balls and the unpleasant odors we found in our farm implements in the spring, so I came up with a more kinder way to repel rodents from the indoor spaces where we live, work, and play.

The EarthKind® promise
pest repellents contain essential oils and plant fiber. Guarantees effectiveness with no setup or messy cleanup. The EarthKind patented pouch Anytime webs or spiders are noticed: basements, dormers, closets, attics, crawl spaces, or other places you would like to prevent them from entering.

How it Works:
Spiders search out ideal living areas, free of scent and vibrations to form webs, nest, and detect prey. Stay Away® Spiders pouches disrupt a spider’s sophisticated senses, keeping them out of treated areas with a scent pleasant to people but offensive to spiders and their prey.

First Aid:
If product contacts eyes, flush with water. Seek medical attention if irritation persists.

Storage & Disposal:
Store and transport in an upright position. Store in original container, in a dry place inaccessible to children and pets. Do not reuse empty container—discard in trash.

Other Precautions: This product contains pure essential oils which can be overpowering to some people. Should this occur, simply remove or reduce the number of pouches used.

Notice: Buyer assumes all responsibility for safety and use not in accordance with label directions.

Warranty: Money Back Guarantee (if purchased from an authorized retailer) If this product does not perform to claims when used as directed, send cash register receipt, UPC code on the box and reasons for dissatisfaction to: EarthKind, LLC Customer Service Dept., 2910 E. Broadway, #19, Bismarck, ND 58501 USA

This product has not been registered by the United States Environmental Protection Agency. EarthKind, LLC represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.

US Patent # D513,868
Stay Away® is a registered trademark of EarthKind, LLC. All rights reserved.

First Aid: Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with water. Seek medical attention if irritation persists.

Storage & Disposal: Store and transport in an upright position. Store in original container, in a dry place inaccessible to children and pets. Do not reuse empty container—discard in trash.

First Aid: Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with water. Seek medical attention if irritation persists.

Storage & Disposal: Store and transport in an upright position. Store in original container, in a dry place inaccessible to children and pets. Do not reuse empty container—discard in trash.
Where to Use: Anywhere webs or spiders are noticed: basements, dormers, closets, attics, crawl spaces, or other places you would like to prevent them from entering.

How it Works: Spiders search out ideal living areas, free of scent and vibrations to form webs, nest, and detect prey. Stay Away® Spiders pouches disrupt a spider’s sophisticated senses, keeping them out of treated areas with a scent pleasant to people but offensive to spiders and their prey.

Before Use: Remove plastic wrap from pouch. Do not place directly on furniture or finished surfaces as product may stain.

How to Use: Use one pouch per entryway, dormer; two pouches per small room. Increase the number of pouches as needed until desired results are obtained (usually 30-60 days).
Stay Away® pest repellents contain essential oils and plant fiber. The EarthKind® promise guarantees effectiveness with no setup or messy cleanup. The EarthKind patented pouch design delivers long-lasting, slow release of proven essential oils, reliably ‘keeping pests out’ of the indoor spaces where we live, work, and play.

I wish to personally thank you for purchasing EarthKind products. Not only are you keeping pests away from spaces where you and your family live, work and play—with our farm-grown ingredients, you’re also supporting American farmers and our precious planet.
