Wild Harvest™ Mite & Lice Bird Spray

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS
CAUTION: Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin. Wash contaminated skin with soap and water. Avoid spraying food and foodstuffs. Keep out of reach of children.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product inconsistent with its labeling. For control of bird lice on parakeets, canaries, and other caged birds, leave birds in cage. Spray directly on birds from a distance of 12 to 18 inches. Avoid the bird's eyes and face, spray lightly utilizing 3 or 4 bursts. For cage mite control, remove birds, food and water cups, etc., and spray cage thoroughly by holding unit at least one foot from surface utilizing 5 or 6 bursts. To control mites and bird lice, may repeat treatment on cage or bird no more than two times a week. Bird cages should be cleaned in hot water as part of weekly regimen.

STORAGE AND DISPOSAL
Pesticide Storage: Store in cool dry place away from heat, open flame, food and water supplies that is inaccessible to children and pets.

Pesticide Disposal and Container Handling: Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith.
