MOSQUITO TRIVIA

Mosquito is Spanish for “little fly.”

One female mosquito can lay 100 to 300 eggs at a time.

There are over 150 species of mosquitoes in North America.

It is estimated that mosquitoes have been on earth for over 30 million years.

Only female mosquitoes bite.

Mosquitoes breed in standing water.

Dragonflies eat mosquitoes.

A DEET-FREE WAY TO ARM YOURSELF FOR THE SKEETER SKIRMISH

Scents of Nature Essential Oil Formula

Patio Tested... Family Approved
Hang it anywhere!

Patio Egg™
MOSQUITO DETERRENT DIFFUSER

This Patio Egg is an easy, safe and effective way to help deter mosquitoes and other biting insects from your patio and other outdoor living areas. It's DEET-FREE Scents of Nature formula is derived from natural essential oils. The Patio Egg's porous nature allows the fragrance to migrate up the sides and to diffuse into your surroundings. Expect the egg to darken in color as the oil is absorbed. The pleasant floral scent will hatch within 24 hours and will be effective continuously 24 hours a day, 7 days a week. It really works!

How to Use:
The Patio Egg may be suspended by its nest of netting or placed upon flat surfaces once the netting is removed.

Measure 25 ml. of the Skeeter Screen oil into the measuring cup provided.

Pour the oil into the Patio Egg through the hole in the top of the egg. Do not add more than 25 ml. at a time and do not add additional oil more often than every two weeks.

1) Measure 2) Pour 3) Place or 4) Hang

Where to Use:
Place the Patio Egg on a protected surface or hang wherever desired.

The Patio Egg is effective in semi-enclosed areas such as patios, barns, garages, workshops, gardening sheds, greenhouses, tents, porches and stables. It protects up to 200 square feet. Up to four months of continuous diffusion. Only add 25 ml of oil per application - if you smell it, it's working!

First Aid: If in eyes rinse with water for about 15 minutes, if on skin wash off with water, if swallowed do not induce vomiting.

CAUTION: Handle with care. Keep away from children and pets. Bottle cap may be a choking hazard. Do not place directly on painted, varnished, wooden or plastic surfaces. Avoid spilling as oil may damage or stain fabrics, furniture and countertops. Do not ingest.

Contents: Patio Egg, plant fiber netting, measuring cup, Skeeter Screen Oil 4 fl. oz., 118 ml.
Active Ingredients: 100% Geraniol 95%, Lemongrass oil 5%
