The ULTIMATE Hot Tub Experience™

sanitizer
quick-dissolving sanitizer and oxidizer

ACTIVE INGREDIENT:
Sodium chlorite-1:4 mixture hydrioted: 95%
net ingredients: 7%
TOTAL: 100%
Available chlorine: 55.5%

DANGER
KEEP OUT OF REACH OF CHILDREN
See side panel for additional precautionary statements on label and MSDS.

net contents 5 pounds (2.267 kg)
chlorinating granules

FIRST AID:
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN SWALLOWED: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: "Probable mucosal damage may contraindicate the use of gastric lavage."

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER, CORROSIVE, CAUSES IRREVERSIBLE EYE DAMAGE. MAY BE FATAL IF INHALED, INGESTED, OR ABSORBED THROUGH SKIN. Do not get in eyes, on skin, or on clothing. Do not breathe dust, vapor or spray mist. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, smoking tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

PHYSICAL OR CHEMICAL HAZARDS:
STRONG OXIDIZING AGENT. Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including other pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flammable or burning material such as a lighted cigarette. Do not use this product in any chlorinating device which has been used with any monochlorinated or chlorinated compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE:
It is a violation of federal law to use this product in a manner inconsistent with its labeling. Follow entire label and use strictly in accordance with precautionary statements and directions.

FOR SPA AND HOT TUB DISINFECTANT: When used as directed, this product is effective as a spa and hot tub water disinfecting agent.

EPA Reg. No. 48520-23-50983
EPA Est. No. 48520-01-002

DIRECTIONS FOR USE: Ensure all spa and hot tub equipment is working properly. Clean the filter system following manufacturer's directions. Adjust the pH to between 7.2-7.6. When using other products as outlined in this directions for this product, always follow directions on the products.

MAINTENANCE HOSES: When pump on, add 1/2 teaspoon of this product per 100 gallons of water (or 1/2 tablespoons per 1,000 gallons) as an initial treatment. Repeat at 1 to 2 times intervals until a residual of 3 to 5 ppm of available chlorine has been established as determined by test kit. A test kit must be used regularly to determine the frequency of additional doses of this product needed to maintain the chlorine residual of 3.5 ppm.

SUPERCHLORINATION: Use one teaspoon of this product per 100 gallons of water (or 1/4 cup per 1,000 gallons). Superchlorination may be needed on a nightly basis in a heavily used spa or in infrequently as once a week in a moderately used spa.

REMEMBER: Reshing into treated spas is prohibited above levels of 5 ppm of chlorine due to risk of bodily harm.

STORAGE AND DISPOSAL: Do not contaminate water, food, feed, or by admixture or disposal. PESTICIDE STORAGE: Store in a dry, cool, and well-ventilated area. Avoid moisture getting into container. Keep off wet floors. In case of spillage, wash with large amounts of water. After each use, keep container tightly closed. Disposing materials. Avoid contact with organic material. PESTICIDE DISPOSAL: Pesticide wastes are hazardous wastes. Improper disposal of excess pesticides, spray mixtures or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for assistance.

CONTAINER HANDLING: Non-refillable container. Do not re-use or refill this container. Offer for recycling if available, or puncture and dispose of in a sanitary landfill. Triple rinse container (or equivalent) promptly after emptying.

EMERGENCY HANDLING: In case of contamination or decomposition do not void container if possible. Isolate container in open well-ventilated area. Flood with large volumes of water. Dispose of contaminated material as an approved landfill area.

SPILLS: When handling or dealing with spills, use impact-resistant goggles with side-shields, or face shield, body-covering clothing, including impermeable rubber or plastic gloves and boots, use a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for pesticide disposal. If drum contents are contaminated or decomposing, do not reopen container, isolate, and seal drum in the open or in a well-ventilated area. Flood with large volumes of water if necessary.
