**KEEP OUT OF REACH OF CHILDREN**

**CAUTION/PRECAUCION**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

(If you do not understand the label, find someone to explain it to you in detail.)

Refer to the full label for **First Aid, Precautionary Statements, Directions For Use, Conditions of Sale and Warranty**, and state-specific use site restrictions.

In case of an emergency endangering life or property involving this product, call day or night 1-800-832-HELP (4357).

---

**First Aid**

If swallowed
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- DO NOT induce vomiting unless told to do so by the poison control center or doctor.
- DO NOT give anything to an unconscious person.

If on skin
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 to 20 minutes.
- Call a poison control center or doctor for treatment advice.

**HOTLINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact BASF Corporation for emergency medical treatment information: 1-800-832-HELP (4357).

---

**Net Contents:** 4.2 ounces (120 grams)

**STORAGE AND DISPOSAL**

**DO NOT** contaminate water, food or feed by storage or disposal.

**Pesticide Storage**
Store in a cool, dry area away from heat or open flame and inaccessible to children.

**Pesticide Disposal**
Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

**Container Handling**
Nonrefillable container. **DO NOT** puncture or incinerate! **DO NOT** reuse or refill this container. Empty container by using the product according to label directions. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

---

**Precautionary Statements**

**Hazards to Humans and Domestic Animals**
**CAUTION.** Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

**Environmental Hazards**
**DO NOT** apply directly to water. **DO NOT** contaminate water by cleaning of equipment or disposal of equipment washwaters.

**Physical or Chemical Hazards**
Contents under pressure. **DO NOT** puncture or incinerate container. **DO NOT** use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. **DO NOT** use this product where a possibility of a shock hazard exists.

**Directions For Use**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL.** Use strictly in accordance with this label and with applicable state and federal regulations. Apply bait only in areas inaccessible to children and pets.

---

**FOR USE IN AND AROUND:**

- Warehousing Establishments (including computer facilities, electronic equipment, motion picture and photographic studios, and storage of chemicals and explosives)
- Commercial, Institutional and Residential Establishments (including offices, shopping centers, theaters, schools and institutions)
- Hotels, motels, nursing homes, pet shops, restaurants, schools, offices and institutional buildings
- KILLS:
  - Cockroaches
  - Roaches in drain pipes

**Avert® DF Dry Flowable Cockroach Bait**

**Effective Roach Control Odorless Bait Formulation**

**Easy-to-Use Continuous Action Formula**

**For Indoor and Outdoor Residential/Commercial Use**

A gel bait formulation to kill cockroaches in commercial and residential environments. Key attributes include:

- **Rotation 1 Piston Can**
- **4.2 ounces (120 grams)**
- **1-800-832-HELP (4357)**

**Smart Solutions Facts**

- **Effective** Formulation
- **Easy-to-Use** Continuous Action Formula
- **For Indoor and Outdoor Residential/Commercial Use**
- **Non-repellent residuals**
- **Continuous Action** Formula
- **Avert® DF Dry Flowable Cockroach Bait**

**For best management practices, use the bait as part of an overall Integrated Pest Management (IPM) program including use of non-repellent residuals.**

Product of Japan. Manufactured in the USA with imported and domestic ingredients.
Precautionary Statements

Hazard to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

Environmental Hazards

DO NOT apply directly to water. DO NOT contaminate water by cleaning of equipment or disposal of equipment washwater.

Physical or Chemical Hazards

Contents under pressure. DO NOT puncture or incinerate container. DO NOT store near heat or open flame. Exposure to temperatures above 130°F may cause burning. DO NOT use this product where a possibility of a shock hazard exists.

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. Use strictly in accordance with this label and with applicable state and federal regulations. Apply bait only in areas inaccessible to children and pets.

Use Restrictions

• Keep out of sunlight or excess heat.
• DO NOT apply bait to surfaces which may reach excessive temperatures. Examples include, but are not limited to, portions of stoves, ovens, grills, furnace hoods, steam tables, toasters, fryers, dishwashers and hot water pipes.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

Pesticide Storage

Store in a cool, dry area away from heat or open flame and inaccessible to children.

Pesticide Disposal

Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

Container Handling

Nonrefillable container. DO NOT puncture or incinerate! DO NOT reuse or refill this container. Empty container by using the product according to label directions. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

In Case of Emergency

In case of large-scale spill of this product, call: • CHEMTREC 1-800-424-9300 • BASF Corporation 1-800-832-HELP (4357)

In case of medical emergency regarding this product, call: • Your local doctor for immediate treatment • Your local poison control center (hospital) • BASF Corporation 1-800-832-HELP (4357)

Application Instructions

Spot Treatment

To apply gel, insert provided applicator straw into applicator. Apply gel in a 3 to 6 millimeter diameter spot (0.25 to 0.50 grams). Approximately 10 bait placements per 100 square feet are recommended. Apply many spots in areas of roach traffic and suspected harborage. Numerous small application spots are preferable to fewer larger application spots. DO NOT treat food preparation surfaces. DO NOT apply gel to areas that have been recently sprayed with a repellent insecticide. DO NOT spray repellent insecticide products over gel placements as this may make gel repellent and reduce its effectiveness. DO NOT place treatments in locations where routine cleaning might remove bait or transfer bait to food or food preparation surfaces. This product will stick to surfaces that are not dusty or greasy. Reapply if gel placements are no longer visible and/or reinfestation occurs. Use a paper towel to remove unwanted bait placements and then discard in trash.

Crack & Crevice Treatment

This product can be applied as spots or as a line along cracks and crevices. Gel bait should be applied directly into cracks and crevices where insects hide. Place the applicator straw directly into cracks and crevices and deposit gel in small spots or in a continuous bead. Bait should be in the void area and not on open or exposed surfaces.

Food Handling Establishments

Application within food areas of food handling establishments is limited to cracks and crevices where insects hide. To apply gel, insert provided applicator straw into applicator. Apply gel in a 3 to 6 millimeter diameter bead (0.25 to 0.50 grams). Approximately 10 bait placements per 100 square feet are recommended under conditions with low to moderate infestation. For more severe infestations, approximately 20 bait placements per 100 square feet are recommended. Numerous small applications are preferable to fewer larger applications. Bait should not be used in open areas or on surfaces where contamination of food or food handling equipment may occur. Reapply gel if previous applications are no longer visible and/or reinfestation occurs.

Applications In Aircraft

Application within passenger areas of aircraft is limited to Crack & Crevice treatment only. Apply this product in areas between elements of construction (such as areas under seats, openings around pipes, under shelving, where shelf meets other shelves or the wall, the area between and around microwaves, where support braces attach to the main structure and where seats are attached to the floor). Apply 10 to 20 bait spots per 100 square feet as described above. DO NOT apply bait to areas where food, utensils or food preparation surfaces may become contaminated. DO NOT apply bait to areas that are routinely washed such as cracks and crevices in tops of tables, food preparation and food holding surfaces as bait may be removed by washing. Care should be taken to avoid depositing gel onto exposed surfaces. If gel contacts an exposed surface, remove gel and wash exposed surface. During follow-up visits, inspect bait placements and reapply when previous applications are no longer visible and/or reinfestation occurs. DO NOT apply any bait in cockpit area.

Conditions of Sale and Warranty

The Directions For Use Are Included, And Are Based On The Opinion Of Experts Based On Field Use and Tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Inefficacy or other unintended consequences may result because of such factors as environmental conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION (“BASF”) or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer. BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above TO THE EXTENT CONSISTENT WITH APPLICABLE LAW: (A) BASF MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY; (B) BUYER’S EXCLUSIVE REMEDY AND BASF’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND (C) BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. BASF makes no other warranties, express or implied, subject to the inherent risks, referred to above.

Outdoor Use

Use for control of cockroaches, inject into cracks and crevices around windows and doors, porches, screens, eaves, patios, garages, under stairways and other areas adjacent to structures where cockroaches may find harborage.
**CAUTION/PRECAUCION**

Keep out of sunlight or excess heat. Use Restrictions above 130°F may cause bursting. DO NOT use this product where a cleaning of equipment or disposal of equipment washwaters. DO NOT contaminate water by disposing of equipment washwaters. DO NOT contaminate water, food or feed by storage or disposal. DO NOT contaminate water by storage or disposal.

**Physical or Chemical Hazards**

DO NOT use any products that may cause a fire or explosion. DO NOT use products that may cause a fire or explosion. DO NOT use any products that may cause a fire or explosion. DO NOT use any products that may cause a fire or explosion. DO NOT contaminate water, food or feed by storage or disposal.

**Hazard to Humans and Domestic Animals**

DO NOT contaminate water, food or feed by storage or disposal. DO NOT contaminate water, food or feed by storage or disposal. DO NOT contaminate water, food or feed by storage or disposal. DO NOT contaminate water, food or feed by storage or disposal. DO NOT contaminate water, food or feed by storage or disposal.

**Pesticide Disposal**

DO NOT dispose of this container in the trash. DO NOT dispose of this container in the trash. DO NOT dispose of this container in the trash. DO NOT dispose of this container in the trash. DO NOT dispose of this container in the trash.

**Pesticide Storage**

DO NOT store this product in the trash. DO NOT store this product in the trash. DO NOT store this product in the trash. DO NOT store this product in the trash. DO NOT store this product in the trash.

**Waste**

If partly filled: Call your local solid waste representatives at the nearest EPA Regional Office for guidance.

**Directions For Use**

**Outdoor Use**

DO NOT apply bait to areas that have been treated with other pesticides. DO NOT apply any bait in cockpit area.

**Food Handling Establishments**

DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides.

**Crevice Application**

DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides.

**Uniform & Pest**

DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides. DO NOT apply gel to areas that have been treated with other pesticides.

**Bait**

May be used in conjunction with non-repellent residual insecticides such as those containing chlorfenapyr (e.g., PT® Phantom® II Pressurized Insecticide). Do not use in areas that may reach excessive temperatures. Do not use in areas that may reach excessive temperatures. Do not use in areas that may reach excessive temperatures. Do not use in areas that may reach excessive temperatures. Do not use in areas that may reach excessive temperatures.

**Bait**

For indoor use, apply bait to surfaces where contamination of food or food handling equipment cannot be disposed of according to label instructions, contact your waste representatives at the nearest EPA Regional Office for guidance.

**Avert® DF Dry Flowable Cockroach Bait**

For indoor use, apply bait to surfaces where contamination of food or food handling equipment cannot be disposed of according to label instructions, contact your waste representatives at the nearest EPA Regional Office for guidance.

**Avert® DF Dry Flowable Cockroach Bait**

For indoor use, apply bait to surfaces where contamination of food or food handling equipment cannot be disposed of according to label instructions, contact your waste representatives at the nearest EPA Regional Office for guidance.

**Avert® DF Dry Flowable Cockroach Bait**
