- Sergeant’s Pet Care Products, Inc.
- 5300 S 168th St
- Omaha, NE 68138

**PRODUCT INFORMATION:**
- **PROJECT NAME:** PLUS FOR DOGS
- **UPC CODE:** 073091013174
- **PART#** P059653

**PRODUCT NAME:** Plus for Dogs

**FREQUENCY OF APPLICATION:**
- Use this product monthly for complete control of fleas, flea eggs, flea larvae, ticks and chewing lice. This product remains effective even after bathing, water immersion, or exposure to sunlight.

**APPLICATIONS:**
- Households, kennels, carriers, and carriers of dogs. Use this product to control fleas, flea eggs, flea larvae, ticks and chewing lice on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide on dogs. For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product.

**First Aid:**
- **If On Skin:**
  - Take off contaminated clothing.
  - Call a poison control center or doctor for treatment advice.
- **If In Eyes:**
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
  - Do not give anything by mouth to an unconscious person.
  - Do not induce vomiting unless told to do so by a poison control center or doctor.
  - Have person sip a glass of water if able to swallow.
  - Call a poison control center or a doctor immediately for treatment advice.
- **If Inhaled:**
  - Get person into fresh air.
  - If person is not breathing, call EMTs or give rescue breaths if you know how to do so.
  - Have person sip a glass of water if able to swallow.
  - Call a poison control center or a doctor immediately for treatment advice.

**Do not apply more than one tube per treatment for one dog regardless of dog’s weight.**

**FOR DOGS**
- 45–88 lbs
- Do not reapply for thirty (30) days.
- Allow treated area to dry thoroughly.
- Apply one tube (2.68 mL)(0.091 fl oz) as a spot to the dog’s back along the line. Remove product tubes from the package. Separate one tube from the others. Hold the tube with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches.
- Invert tube over dog and use open end to part dog’s hair. Squeeze tube firmly to create a narrow, steady stream of product as you apply it to the dog’s skin, as directed below. Do not apply more than one tube per treatment for one dog regardless of dog’s weight.

**How to Apply:**
- Apply the product tubes to the dog’s skin, as directed below, at least 30 minutes before the next exposure if the dog can move freely.
- To apply the product tubes, first cut the narrow end at the notches.
- Apply five drops (0.114 mL per drop) at the back of the neck in a straight line from the base of the ears to the middle of the neck.
- Apply one drop (0.0228 mL) on each side of the dog’s back between the shoulder blades.
- Do not reapply for thirty (30) days.
- Do not apply more than one tube per treatment for one dog regardless of dog’s weight.

**How to Open:**
- Remove the protective cap from the tube. The cap is removed by turning it counterclockwise.

**Do Not Apply:**
- To a cat or ingested by a cat, contact your veterinarian.
- Do not apply to dogs weighing less than 45 lbs.
- Do not use RESTRICTIONS: for 24 hours after application. Use entire contents of tube on each dog. Separate the treated dog from all other dogs.
- Do not apply more than one tube per treatment for one dog regardless of dog’s weight.
- Do not reapply for thirty (30) days.
- Allow treated area to dry thoroughly.
- Apply one tube (2.68 mL)(0.091 fl oz) as a spot to the dog’s back along the line.
