LIQUID FENCE

Snake Repellent

Granular

LASTS UP TO 4 FULL WEEKS
TIME-RELEASE

Snakes HATE it!

LONG LASTING
NAPHTHALENES-FREE!

Scientifically Tested • Proven Effective

Directions: To keep contents fresh, be sure to close bag tightly with closure and close box after use.

For Overall Coverage: Apply Liquid Fence® Snake Repellent Granular around and near areas where snakes are present such as lawns, patios, sidewalks, rocks, flagstones and around exterior foundations.

For a Perimeter Barrier: Create a 2 to 3 foot wide band around property, buildings or landscaped garden areas.

Sprayer Applications: Due to product consistency and varying size of the granules, adjust sprayer accordingly to achieve even coverage. Begin at the lowest setting that allows the product to flow evenly through the sprayer. Apply 1 pound of product per 500 square feet. Liquid Fence® Snake Repellent Granules shown repels snakes for up to 4 weeks. Reapply as needed. Additional and/or more liberal applications may be required depending on the degree of snake infestation. This product is intended for outdoor use.

How it works: The unique combination of ingredients in Liquid Fence® Snake Repellent Granular, irritate and contaminate a snake's chemoreceptor systems (sense of taste and smell). When these senses are tampered, the snake is unable to gather information about its surrounding environment, forcing it to look elsewhere to survive. A time-release, biodegradable formula makes this repellent highly effective and long-lasting.

How it helps: The unique formula of Liquid Fence® Snake Repellent Granular, has been tested and proven effective by an independent lab. Please note that repellency is unique to each individual snake, not just the species or genus. Therefore, results may vary.

Active Ingredients: Methoprene 0.05%, Sodium Lauryl Sulfate 0.33%, Thymol 0.4%, Petroleum Ether 1.01%, Potassium Sulfate 0.83%, Sodium Sulfate 0.1%.

Other Ingredients: Water, Corn Starch, Soybean, Wheat Flour, Iron Oxide (Red), Corn Acetate, Sodium Benzoate, Soot Granules.

Net Contents: 40 Lbs. (18.14 kg) • Covers up to Approximately 20,000 Square Feet
