HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed, absorbed through the skin or inhaled. Causes moderate eye irritation. Avoid breathing spray mist. Avoid contact with eyes, clothing, shoes. Wash thoroughly with soap and water after handling and before smoking or eating. Remove contaminated clothing and wash before reuse. Avoid contamination of feed and foodstuffs.

ENVIRONMENTAL HAZARDS
This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calmer weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow wash off the treatment area. Herding application equipment over the treated area will help avoid run off to water bodies or drainage systems.

This product is highly toxic to bees exposed to direct treatment on blossoms or weeds. Do not apply this product or allow it to drift to blossoms or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130º F or weeds while bees are actively visiting the treatment area.

PRECAUTIONARY STATEMENTS

FIRST AID
Have Product Container or Label with You When Calling a Poison Control Center, Doctor or Going in for Treatment.

If Inhaled: •More person to fresh air. •If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible. •Call a poison center control doctor, or 1-800-486-5743 for treatment advice or transport the patient to the nearest hospital.

If Swallowed: •Do not give any liquid to the patient. •Do not administer anything by mouth to an unconscious person. •Do have person forced to vomit. •Call a poison center control doctor, or 1-800-486-5743 immediately for treatment advice or transport the patient to the nearest hospital.

In Eyes: •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after first five minutes, then continue rinsing eye. •Call a poison center control doctor, or 1-800-486-5743 for treatment advice or transport the patient to the nearest hospital.

If on Skin or on Clothing: •Wash skin immediately with plenty of water for 15-20 minutes. •Take off contaminated clothing. •Remove contact lenses, if present, after first five minutes, then continue rinsing eye. •Call a poison center control doctor, or 1-800-486-5743 for treatment advice or transport the patient to the nearest hospital.

NOTE TO PHYSICIAN: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

TO CONTROL POULTRY LICE:
Spray roosts, walls and nests or the cages thoroughly. This should be followed by spraying over the birds with a fine mist.

FOR CONTROL OF BEDBUGS AND MITES IN POULTRY HOUSES:
Spray crevices of roost poles, cracks in walls and cracks in nests where the bedbugs and mites hide.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE:
Store in a cool, dry secure area in original container.

PESTICIDE DISPOSAL:
Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING:
Non-refillable container. Do not reuse this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
