First Aid:
In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses (if present), if comfortable, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Ingestion: If swallowed, do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Remove to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

In Case of Emergency Call: 1-800-606-9911

Precautionary Statements:

1. DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed or inhaled.
   - Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust or spray mist. Wear protective goggles. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Do not eat, drink, or smoke near the area. Do not contaminate food or feed by storage or disposal, or cleaning of equipment. The use of personal protective equipment is required. Avoid contact with skin, eyes, or clothing.

2. Warning: May be harmful if inhaled, swallowed, or if skin contact occurs.
   - Keep out of reach of children. Use only as directed. Do not contaminate food or feed by storage or disposal, or cleaning of equipment.

3. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available.

4. Remove and wash contaminated clothing before reuse.

Handling:
When游泳 season is over, add 4 oz. of this product per 10,000 gallons of pool water. This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is returned to use the following season. Follow recommended hth® pool closing procedure.

Precautionary Statements:

1. General: For crystal clear pool water, follow the hth® 4 step pool care program:
   - Step 1: Test and adjust pool water balance, Step 2: Chlorinate and clarify, Step 3: Shock treat your pool, and Step 4: Add algae guard granules. These steps will prevent the growth of green, black and mustard yellow algae.
   - Controls green, yellow & black algae.

2. Use:
   - Add the product to the pool with the skimmer while the pool pump is in operation.
   - Chlorine levels must be appropriate (3-5 ppm) before adding algae guard granules.
   - Algae guard granules break down into 50% of their weight in 24 hours and then disperse slowly, releasing active algae control.
   - Algae guard granules are designed to be used in conjunction with hth® sanitizer and clarifier products.

3. Storage:
   - Store in a cool, dry place, away from heat or open flame.
   - Non-refillable container.

4. Disposal:
   - Do not contaminate food or feed by disposal or cleaning of equipment.

5. Phototoxicity:
   - May cause phototoxic reactions on exposed skin. Use protective clothing and equipment.

6. Unwanted Algae:
   - For heavy algae growth, add 6 oz. of this product per 10,000 gallons of pool water. This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is returned to use the following season. Follow recommended hth® pool closing procedure.

7. Closing Your Pool:
   - Closings vary depending on where you live. Make sure your pool has been treated with hth® algae guard granules prior to closing. Follow recommended hth® pool closing procedure.

8. Opening Your Pool:
   - Subscribe to our newsletter to receive our Spring Start-Up Guide.

9. Other Ingredients:
   - Zinc Sulfate Monohydrate 99.0%
   - Other Ingredients: 1.0%
   - Total: 100.0%
   - Contains 10.5% elemental zinc

10. Water Analysis:
    - Perform a free and total chlorine test, pH test, alkalinity test, and hardness test. Adjust chlorine levels to between 3 and 5 ppm. Adjust pH to between 7.2 and 7.8 ppm. Adjust alkalinity to between 80 and 120 ppm. Adjust hardness to between 150 and 200 ppm.

11. Storage & Disposal:
    - Store in a cool, dry, well-ventilated area away from heat or open flame.
    - Non-refillable container.
    - Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available.

12. Environmental Hazards:
    - This pesticide is toxic to fish and aquatic organisms.

13. Physical and Chemical Hazards:
    - Avoid contact with strong oxidizers.

14. Disposal:
    - Do not contaminate food or feed by disposal or cleaning of equipment.

15. Animal Hazard:
    - HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
      - Keep out of reach of children. Use only as directed. Do not contaminate food or feed by storage or disposal, or cleaning of equipment.

16. To Calculate Pool Capacity in U.S. Gallons:
    - Rectangular: L x W x AD x 7.5 = total gallons
    - Round: D x D x AD x 5.9 = total gallons
    - Oval: Maximum L x maximum W x AD x 5.9 = total gallons
    - Freeform: Surface area (sq. feet) x AD x 7.5 = total gallons

17. Pool Experts Since 1928
    - Read all Precautionary and First Aid Statements on back panel before use.

18. EPA REG. NO. 1258-1328
    - Supersedes Used in List No.
    - EPA EST. NO. 52270-GA-01 (K)
    - EPA EST. NO. 42291-GA-1 (K)
**DIRECTIONS FOR USE**

If it is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.**

**WHY YOU SHOULD USE THIS PRODUCT:** When used regularly, this product will prevent the growth of green, black and mustard yellow algae.

For crystal clear pool water, follow the hth® 4-step pool care program:
1. Test and adjust pool water balance, Step 2: Chlorinate and clarify, Step 3: Shock treat your pool at least once a week, and Step 4: Add algae guard granules.

**HOW TO USE:** Always apply chemicals separately. Never combine them. Add this product either directly to pool or through the skimmer while pump is in operation. Pools with heavy growth of algae must be cleaned prior to using this product. Continue to keep the pump running for several hours after addition of algicide. Use entire contents of bag when opened.

**OPENING YOUR POOL or START-UP DOSE:** Add 6 oz. of this product per 10,000 gallons of pool water.

**MAINTENANCE DOSE:** Add 2 oz. of this product per 10,000 gallons of pool water each month.

**CLOSING YOUR POOL:** When swimming season is over, add 4 oz. of this product per 10,000 gallons of pool water. This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is returned to use the following season. Follow recommended hth® pool closing procedure.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

**DANGER:** Corrosive. Causes irreversible eye damage. Harmful if swallowed or inhaled.

• Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust or spray mist. Wear protective goggles. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

**FIRST AID:**

- **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
- **IF SWALLOWED:** Call a poison control center or doctor immediately for further treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:**

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**IN CASE OF EMERGENCY CALL:** 1-800-654-6911

**NOTE TO PHYSICIAN:** Irritant. Probable mucosal damage may contraindicate the use of gastric lavage.

**WHEN USED REGULARLY:**

- Protects green, yellow & black algae.

**WHY YOU SHOULD USE THIS PRODUCT:**

- Controls green, yellow & black algae.

**GOOD FOR ALL POOL SURFACES:**

**MAINTENANCE Dose:**

- Add 2 oz. of this product per 10,000 gallons of pool water.

**SHOCK TREAT AND SWEEP:**

- Add 2 oz. of this product per 10,000 gallons of pool water.

**HOW TO CALCULATE POOL CAPACITY IN U.S. GALLONS**

**FORMULA (Dimensions in feet)**

- **Maximum L x maximum W x AD x 5.9 = total gallons**
- **L x W x AD x 7.5 = total gallons**

**PRODUCT INFORMATION**

**ACTIVE INGREDIENT:**

- Zinc Sulfate Monohydrate . . . 98.0%
- Other ingredients: . 2.0%
- Total: . 100.0%
- Contains 35.5% elemental zinc

**OTHER HAZARDS:**

- Corrosive. Causes irreversible eye damage. Harmful if swallowed or inhaled.

**ENVIRONMENTAL HAZARDS:**

- This pesticide is toxic to fish and aquatic organisms.

**STORAGE & DISPOSAL:**

- Keep this product dry in its original tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. Nonrefillable container.

- Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
