**Precautionary Statements**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING.** Harmful if swallowed or absorbed through the skin. Avoid breathing dust. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. **DO NOT** contaminate kitchen utensils with this product. Pets may be attracted to this product. Non-target insects such as chinchworms, chlorpyrifos, and fipronil may be used in conjunction with this product.

**Environmental Hazards**

This pesticide is toxic to fish and wildlife. **DO NOT** apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. **DO NOT** contaminate water when dispersing of equipment washwaters.

**Directions For Use**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. This product is formulated in an oil bait that functions as an attractant to Fire and Pharaoh ants. This product is a through insecticide which acts to reduce ants and worker numbers. The bait is also passed by the workers throughout the ant colony and eventually to the queen. This product is toxic to ants; however, it is most effective against the ant queen and causes an immediate halt of egg production and disappearance of worker brood. The disappearance of worker ants leads to the decline and eventual elimination of the ant colony. Apply when ants are actively foraging. This is typically when soil temperatures are greater than 60° F (15° C) or consult your State Agricultural Experiment Station or State Extension Service for optimal timing of application. In order to ensure access to bait, avoid the use of repellent insecticides or sprays on or near this product. Non-target insects such as chinchworms, chlorpyrifos, and fipronil may be used in conjunction with this product.

**STORAGE AND DISPOSAL**

**DO NOT** contaminate water, food, or feed by storage or disposal.

**Pesticide Storage**

Always store pesticides in the original container. Store in a cool, dry area away from heat or open flame, in an area that is inaccessible to children and animals.

**Pesticide Disposal**

Waste resulting from use of this product may be disposed of on-site or on an approved waste disposal facility. Hazardous waste cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Authority, or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

**Container Handling**

**DO NOT** reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

**In Case of Emergency**

In case of large-scale spill of this product, call: 1-800-424-9300

Outdoor Applications

Apply after dew or rainfall has dried for maximum effectiveness. For best results, **DO NOT** apply rainfall is anticipated within 4 to 6 hours after application. In cases where re-infestation occurs or where large mounds remain active, reapply as necessary but not sooner than 30 days after last application. **DO NOT** apply more than 4 pounds of product per acre per year.

**Broadcast Application**

Apply this product as evenly as possible to turf, lawns, and non-crop areas at a rate of 1 pound of bait per acre (0.5 ounces of bait per 1,000 square feet or 1.8 ounces of bait per 500 square feet).

**Individual Mound Treatment**

Use 5 to 7 tablespoons of this product per mound (1 pound) equals approximately 0.3 ounce of bait. Apply the bait as evenly as possible over the mound and for a distance of approximately 2 feet out from the base of the mound. **DO NOT** contaminate kitchen utensils with this product.

**Indoor Applications**

**DO NOT** use in food/feed areas of food/feed handling establishments, restaurants, or other areas where food is commercially prepared or processed. **DO NOT** use in serving areas where food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared.

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Non-food areas are such as garbage rooms, lobbies, storage (for sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

**Locate Ant Activity**

Follow ants back to their nests. Apply bait to crevices or voids where ants are active. Use up to 5 tablespoons per crevice in a heavyantly treated area. Use less in areas with less activity or if the treatment site will not hold that much. Use a large Centrobulb® or other appropriate application device to place bait in crevices or voids. Encourage the void's opening may be required. **DO NOT** contaminate kitchen utensils with this product.

**To Treat Plumbing Voids with Known Ant Activity**

Obtain access to void and place up to 5 tablespoons inside the plumbing void. Place bait where it will remain dry. **DO NOT** contaminate kitchen utensils with this product.

**Utilities**

(such as above ground transformers, in-ground utility boxes, pedestal boxes, etc.) ants are nesting or traveling inside utility boxes, or in up to 7 tablespoons for lightest infestations or up to 3 ounces for heavy infestations on the ground or open floor area of the utility box. Placement should be made so bait stays dry and does not contact any equipment. **DO NOT** contaminate kitchen utensils with this product.

**Conditions of Sale and Warranty**

**For Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are not intended to relieve the buyer of all risks, referred to above. The risks, referred to above.** Buyer shall have the right to inspect this product and determine whether this product conforms to the specification on the label and is responsibility for the project referred to in the Directions For Use, subject to the inherent risks, referred to above. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW:** (A) BASF MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY, (B) BUYER’S EXCLUSIVE REMEDY AND BASF’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL BE LIMITED TO THE REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, and (C) BASF and the Seller disclaim any liability for consequential, incidental, or indirect damages resulting from the use, misuse, or misapplication of this product or handling of this product, BASF and the Seller offer this product, and the Buyer and Lessor accept it, subject to these Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
