HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin. Wash contaminated skin with soap and water. Avoid spraying food and foodstuffs. Cover fish aquariums before spraying.

FIRST AID

If swallowed:
• Call Poison Control Center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the Poison Control Center or doctor.
• Do not give anything by mouth to an unconscious person.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a Poison Control Center or doctor for further treatment advice.

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a Poison Control Center or doctor for further treatment advice.

If inhaled:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a Poison Control Center or doctor for further treatment advice.

If swallowed:
• Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. For medical emergency information, call 1-866-823-2749.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For control of bird lice on parakeets, canaries and other caged birds. Leave birds in cage. Remove food and foodstuffs. Spray directly on birds from a distance of 12 to 18 inches. Avoid the bird’s eyes and face. Spray lightly in three to four bursts.

For cage mite control, remove bird(s), food, and water cup, etc., and spray cage thoroughly by holding unit at least 1 ft from surface utilizing five to six bursts. To control mites and bird lice, repeat treatment on bird or cage no more than two times a week. Bird cages should be cleaned in hot water as part of a weekly regimen.

STORAGE AND DISPOSAL

Pesticide Storage:
Store in a cool, dry place away from heat, open flame, water supply and food supplies that is inaccessible to children and pets.

Pesticide Disposal and Container Handling:
Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. Never place unused product down any indoor or outdoor drain.

Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with directions given here.
