- Cinnamon Oil ............................................... 0.12%
- Sodium Lauryl Sulfate (SLS) ......................... 0.30%

**TOTAL**

100.00%

**PACKAGED IN THE USA**

**DIRECTIONS FOR OUTDOOR USE:**

1) Shake before using. 2) If spraying on fabrics, test for colorfastness before use by applying to a hidden area, wipe with cloth. If color is removed from the test area, do not use on those surfaces. 3) Apply Nature’s Miracle® Just For Cats Pet Block Cat Repellent Spray to the areas you wish to keep your cat away from such as beds, furniture or rugs. Regularly do as needed until undesirable habit is broken. For best results, use spray in conjunction with training. Please pets when positive behavior is exhibited. 4) Desired area to be treated is affected by spray. Treat a piece of cloth, wait for it to dry and place dried cloth on object you wish to keep cat away from.

**DIRECTIONS FOR INDOOR USE:**

1) Shake before using. 2) If spraying on fabrics, test for colorfastness before use by applying to a hidden area, wipe with cloth. If color is removed from the test area, do not use on those surfaces. 3) Then, to keep cat away, simply spray Nature’s Miracle® Just For Cats Pet Block Cat Repellent Spray several edges of times, strawberry or directly on an area to be treated on grass. Do not apply directly to foliage, shrubs, flowers or ornamental plants. 4) Regularly do as needed until undesirable habit is broken. For best results, use spray in conjunction with training. Please pets when positive behavior is exhibited.

From the maker of NATURE’S MIRACLE® pet stain & odor remover, the brand you trust…

Nature's Miracle® Just For Cats Pet Block™ Cat Repellent Spray is formulated to help keep cats away from treated areas. The formula contains repellent scents that cats dislike and prefer not to smell. The aversion to the product's scent is what causes cats to stay away from treated areas. The long-lasting, concentrated formula is for both indoor and outdoor use. Safe for use around pets and home when used and stored as directed.

**DIRECTIONS:**

**DO NOT APPLY DIRECTLY ON PET.**
