DuPont™ Lumiderm™
INSECTICIDE SEED TREATMENT

For seed treatment applications to rapeseed/canola and mustard seed for pest management of sucking and chewing insects.

LUMIDER™ is a flowable suspension.

Contains 5.21 lb. active ingredient per gallon.

ACTIVE INGREDIENT
Carbendazim, 3-bromo-1-(3-chloro-2-pyridyl)-N-(4-quin-o-2-methyl-5-(methylthio)benzyl)phencyclidide

OTHER INGREDIENTS

EPA Reg. No. 352-858
EPA Est. 352-GA-002

By Weight
50%

TOTAL 100.0%

Precautionary statements:
KEEP OUT OF REACH OF CHILDREN

FIRST AID

For questions regarding emergency medical treatment, you may contact 1-800-441-3637 for information.

PERSONAL PROTECTIVE EQUIPMENT

Applicants and other handlers must wear:

Long-sleeved shirt and long pants.

Shoes plus socks.

Chemical resistant gloves made of any waterproof material (Category A such as natural rubber > 14 mile).

Follow manufacturer's instructions for cleaning/maintaining personal protective equipment (PPE). If no such instructions for washables are available, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:

Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates and birds. Do not contaminate water when disposing of equipment wash water.

PHYSICAL OR CHEMICAL HAZARDS

Do not place product near or allow product to come into contact with strong oxidizing substances (such as potassium permanganate), since a hazardous chemical reaction may occur.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE:

Do not subject to temperatures below 32 degrees F.

Store product in original container only in a location inaccessible to children and pets. Do not contaminate water, other pesticides, fertilizer, food or feed in storage. Do not use or store in or around the home.

PESTICIDE DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Waste resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING:

Nonrefillable container. Do not re-use or refill this container. Triple rinse container (to equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix sink; fill the container 1/2 full with water, replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsewater into application equipment or a mix tank or store rinsewater for later use or disposal. Follow this procedure two more times. Then, offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration. Do not burn, unless allowed by state and local authorities.

Do not transport if container is damaged or leaking. If the container is damaged, leaking or scratched, or in the event of a major spill, fire or other emergency, contact DuPont at 1-800-441-3637, day or night.

Net Contents: 30 gallon (Nonrefillable Container)

PRECAUTIONARY STATEMENTS

KEEP OUR REACH OF CHILDREN

If you do not identify the label, give someone in detail it in detail.

FIRST AID

For questions regarding emergency medical treatment, you may contact 1-800-441-3627 for information.

PERSONAL PROTECTIVE EQUIPMENT

Applicants and other handlers must wear: Long-sleeved shirt and long pants. Chemical resistant gloves made of any waterproof material (Category A such as natural rubber > 14 ml/s). Follow manufacturer’s instructions for cleaning/maintaining personal protective equipment (PPE). If no such instructions for washables are available, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

USE AS DIRECTED: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates and birds. Do not contaminate water when disposing of equipment washing water.

PHYSICAL OR CHEMICAL HAZARDS

Do not place product near or allow product to come into contact with strong oxidizing substances (such as potassium permanganate) since a hazardous chemical reaction may occur.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use this product on a commercial seed treatment to rapsseed/canola or mustard seed. Non-treated seed must not be used for or mixed with food or animal feed, or processed for oil.

When applied according to this label, DuPont™ LUMIDERM™ will provide control of cutworms and flea beetles. Consult your local DuPont Crop Protection company representative or agricultural advisor for guidance on predicted pest pressure based on historical field data for these pests in your area. LUMIDERM™ must be used in accordance with the directions for use on this label, in separately issued labeling or exemptions under FIFRA (Supplemental Labels, Special Local Need Registrations, FIFRA Section 18 exemptions, FIPRA 2(e) Exemptions), or as otherwise permitted by FIFRA. Always read the entire label, including the Limitation of Warranty and Liability.

LUMIDERM™ may be applied to rapsseed/canola or mustard seed. Rapsseed/canola and mustard seed are typically planted at a soil depth of 1/2 to 1 inch. Treatment significantly damaged seed or seed that is low in vigor or overall poor quality may result in reduced germination, seedling vigor and plant stand. Before treating an entire seed lot with the proposed seed treatment, treat a small portion of the seed lot and conduct subsequent germination tests. DuPont makes no guarantee regarding the germination of damaged or carry-over treated seed, since seed quality and storage conditions are beyond the control of DuPont. DuPont will not be responsible for losses or damages resulting from the use of this product in any manner not specifically stated on this label or other labels or bulletins published by DuPont. User assumes all risks associated with such non-recommended use.

APPLICATION

LUMIDERM™ may be applied as a water-based slurry with other registered seed treatment fungicides and insecticides. Potential mixing partners should be assessed for physical compatibility with LUMIDERM™ and added dyes or polymers before mixing in a large tank for seed treatment. Follow the most restrictive of the label limitations. Do not mix this product with any product that prohibits such mixing.

USE RATE

Use LUMIDERM™ as directed in the following Use Rate Table for control of cutworms and flea beetles. Consult your DuPont Crop Protection company representative for further guidance.

<table>
<thead>
<tr>
<th>Crop</th>
<th>Use Rate (lb/100 lb of seed)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rapsseed</td>
<td>14.8-24.6</td>
</tr>
<tr>
<td>Canola varieties, Mustard Seed</td>
<td>3.7-4.6</td>
</tr>
</tbody>
</table>

* Use the higher rates in areas that are predicted to have high pest pressure, in areas with high populations of striped flea beetles, or where extended early season control is required.

MIXING GUIDANCE

For use in commercial seed treaters only, operating standard, calibrated seed treatment equipment. Not for use in hopper box, planter box, slurry box, or other former applied applications. Treatment equipment must be clean and free of previous pesticide deposits before applying LUMIDERM™. Add LUMIDERM™ directly to mixing tank. Mix thoroughly recommended amount of LUMIDERM™ with the required amount of water. Add an EPA approved dye or colorant to treat the seeds for 40 CRI 153.155(b)(1) during the seed treatment process. Ensure that all treated seed are dyed an unnatural color.

MIXING TANK CLEANOUT

Prior to application, start with clean, well maintained equipment. Immediately following application, thoroughly clean all mixing equipment to reduce the risk of forming hardened deposits, which may become difficult to remove. Drain mixing equipment. Thoroughly rinse mixing equipment and flush with clean water. Clean all other associated application equipment. Take all necessary safety precautions when cleaning equipment. Do not clean near wells, water sources or desirable vegetation. Dispose of waste rinse water in accordance with local regulations.

COMMERCIAL SEED BAG LABELING

The Federal Seed Act requires that bags containing treated seeds shall be labeled with the following statements:

- Treated Seed. Do not use for food, feed or oil purposes.
- This seed has been treated with DuPont™ LUMIDERM™ insecticide seed treatment (cyantitriliprole).
- In addition, the U.S. Environmental Protection Agency requires the following statements on bags containing treated seeds with Lumiderm (cyantitriliprole):
  - Sold away from food or feed.
  - Do not allow children, pets, or livestock to have access to treated seed.
  - Wear long-sleeved shirt, long pants and chemical-resistant gloves when handling treated seed.
  - Use of LUMIDERM™ as a seed treatment must be communicating to all personnel involved in seasonal insect control recommendations.
  - This product is highly toxic to bees. Ensure that the planting equipment is functioning properly in accordance with manufacturer specifications to minimize seed coat abrasion during planting to reduce dust which can drift to blooming crops and weeds.
  - Rapsseed/canola and mustard seed are typically planted at a soil depth of 1/2 to 1 inch.
  - Treated seed exposed on soil surface may be hazardous to wildlife. Cover or collected treated seed is spilled during loading.
STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE
Do not subject to temperatures below 32 degrees F. Store product in original container only in a location inaccessible to children and pets. Do not contaminate water, other pesticides, fertilizer, food or feed. Do not store feeding. Not for use for storage in or around the home.

PESTICIDE DISPOSAL
Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product must be disposed of in accordance with approved waste disposal facilities.

CONTAINER HANDLING:
Refer to the net contents section of this product label for the appropximate size of the container, nonrefillable container, or "nonrefillable container" designation.

NONREFILLABLE PLASTIC AND METAL CONTAINERS (CAPACITY EQUAL TO OR LESS THAN 5 GALLONS):
Nonrefillable container. Do not reuse or refill this container. Remove all packaging materials (for example, by其次: promptly after emptying. Rinse as follows: Empty the remaining contents into application equipment, or a mix tank and drain for 10 seconds after the flow begins to drip. Close for 10 seconds after the flow begins to dip. Repeat this procedure two more times. Then, for Plastic Containers, offer for recycling at face-up position. Or, for Metal Containers, offer for recycling, or reconditioning if appropriate, or purchase and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Nonrefillable Plastic and Metal Containers (Capacity Greater Than 5 Gallons):
Do not reuse or refill this container. Rinse container (or rinse the container for Metal Containers) as follows: Empty the remaining contents, or the mix tank, and drain for 10 seconds after the flow begins to drip. Close for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then, for Plastic Containers, offer for recycling at face-up position. Or, for Metal Containers, offer for recycling, or reconditioning if appropriate, or purchase and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

LIMITATION OF LIABILITY AND WARRANTY

NOTICE TO BUYER:
Purchase of this material does not confer any rights under patents of any countries outside of the United States. DuPont Oxy Lawn, DuPont™ and LUMIDERM™ are trademarks in certain countries of E. I. du Pont de Nemours and Company.

To the extent consistent with applicable law, DuPont makes no express or implied warranty of fitness for or merchantability or any other express or implied warranty, of any kind, to the extent consistent with applicable law, in no event shall DuPont be liable for consequential, or special damages resulting from the use or handling of this product. Buyer's use of a user's product, product, or product, is at buyer's sole risk. When you buy or use this product, you agree to accept these risks.

DuPont warrants that this product conforms to the chemical description on the label. The manufacturer's warranty is limited to the purpose stated in the Directions for Use, subject to the inherent risks described above, and in the absence of any modification to the product, on this product by the manufacturer or supplier, or by any other person, for any and all claims, losses, injuries or damages, including, without limitation breaching any of the warranties or representations, made by the user, whether written or oral, that are given or expressed in the form of either warranty or contract, negligence, strict or strict liability, whether from failure to perform or perform any duties or obligations, be the reason for your claim, or be the consequence of the failure of the product, and be the result of the use or handling of this product. DuPont shall not be liable for any such claims, losses, injuries or damages, including, without limitation, any of the warranties or representations, made by the user, whether written or oral. In no event shall DuPont be liable for consequential, or special damages, except to the extent consistent with applicable law, for any and all claims, losses, injuries or damages, including, without limitation breaching any of the warranties or representations, made by the user, whether written or oral, that are given or expressed in the form of either warranty or contract, negligence, strict or strict liability, whether from failure to perform or perform any duties or obligations, be the reason for your claim, or be the consequence of the failure of the product, and be the result of the use or handling of this product.
