*CAS No. 243973-20-8  
**CAS No. 81406-37-3

Contains 0.42 pounds of pinoxaden and 0.73 pounds of fluroxypyr acid equivalent per gallon.

Contains petroleum distillates.

KEEP OUT OF REACH OF CHILDREN.

CAUTION

EPA Reg. 100-1389

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed. Before using Axial Star Herbicide as permitted according to this supplemental labeling, read and follow all applicable directions, restrictions, and precautions on the EPA registered label on or attached to the pesticide product container. This Supplemental Labeling contains revised use instructions and or restrictions that may be different from those that appear on the container label. This Supplemental Labeling must be in the possession of the user at the time of pesticide application. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
CROP USE DIRECTIONS

Wheat and Barley

Axial Star Herbicide can be used on all varieties of spring wheat (excluding durum), winter wheat, and barley. Do not allow spray to drift to adjacent fields seeded to crops other than wheat or barley. Do not treat wheat or barley underseeded with legumes.

To avoid possible illegal residues:

- Make only one application per crop season.

- Do not graze livestock or harvest forage for hay from treated wheat and barley for a minimum of 30 days following application.

- Do not harvest grain for 60 days following application.

- Do not feed treated wheat or barley straw to livestock for a minimum of 60 days following application.
