Luna® dimethylamine salt ....................................... 0.68%
OTHER INGREDIENTS ........................................ 80.85%
TOTAL ...................................................... 100.09%

NET CONTENTS ONE QUART (32 FL. OZ. / 946 ML)

READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.
Hazardous to humans and domestic animals.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Harmful if swallowed. When using this product, wear long-sleeved shirt, long pants, socks, shoes, and rubber gloves.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. After using this product, wash gloves before removing, remove clothing and wash separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and store.

FIRST AID:
If In Eyes: Wash eyes opened and irrigate with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Do not rub eyes. Call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately. For a person who is in danger of choking, give small amounts of water. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5555 or 1-800-491-5539 and contact your local health authorities.

In the event of a medical or chemical emergency, contact 1-800-491-5539 or contact your local health authorities.

Environmental Hazards:
This pesticide is toxic to fish and aquatic life. To protect the environment, do not allow pesticide to enter run off into streams, ditches, drainage ditches, ditches, or surface waters. Applying this product on areas where wild animals are not protected for the next 48 hours may help prevent run off to water bodies or drainage systems.

Ferti-Lome® Weed-Out with Crabgrass Killer Ready-To-Spray

PEEL FROM CORNER OF BOTTLE
ENVIRONMENTAL HAZARDS (Continued)

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where wells are permeable, particularly where the water table is shallow, may result in groundwater contamination. Applications around a system or well may result in contamination of drinking water or groundwater.

USER SAFETY RECOMMENDATIONS

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. If pesticide gets on skin, wash immediately with soap and water.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:
- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- Do not allow people or pets to enter the treated area until sprays have dried.
- Do not use sprayings from the treated area as mulch or compost around flowers, ornamentals, trees, or in vegetable gardens.
- Do not apply this product to food crops (gazpacho, fruits, and vegetables), forage crops, or ornamental plants including flowers, trees, shrubs, hedges, woody ornamentals, groundcovers established in landscape plantings and other non-target plants.
- Do not spray exposed roots of ornamentals and trees.

SHAKE WELL BEFORE USING
PRODUCT FACTS

What It Does: Kills major broadleaf and turf-type grass weeds including dallisgrass, crabgrass and clover as well as bentgrass and bentgrass. (See inside for complete list)

Where To Use: Lawns; kills the weeds not the lawn when used as directed.

When To Use: Apply when daytime temperatures are between 60° and 80°F.

HOW IT WORKS

Ferti-Home® Weed-Out With Crabgrass Killer Ready To Spray contains three weed killers that target lawn weeds and crabgrass. This herbicide enters the lawn weeds through their leaves and moves throughout the plant to provide control. And never listed on this label will not be harmed when used as directed.

WHERE TO USE

Ferti-Home® Weed-Out With Crabgrass Killer Ready To Spray can be applied to residential lawns with the following turfgrass species.

LAWN TO BE TREATED

Cool Season Turfgrass Warm Season Turfgrass
Kentucky bluegrass Bermudagrass, common and hybrid
Fescue, perennial and annual Zoysia grass
Tall fescue Buffalo grass
Mixture of cool season grasses: containing fine fescues (red, hard and chewing)

1 Application to Bermudagrass may cause temporary yellowing or discolored but full recovery can be expected. Do not apply to Bermudagrass when daytime temperatures exceed 85°F.

DO NOT apply Ferti-Home® Weed-Out With Crabgrass Killer Ready To Spray to the following:

BROADLEAF WEEDS:
Annual yellow, millet, sorghum, milo, johnsongrass, barnyardgrass, cocklebur, morningglory, bermudagrass, crabgrass, mesquite, foxtail, green and giant

GRAASS AND BROADLEAF WEEDS CONTROLLED:

A list is provided below:

BROADLEAF WEEDS:
Annual yellow, millet, sorghum, johnsongrass, barnyardgrass, milo, cocklebur, morningglory, bermudagrass, crabgrass, mesquite, foxtail, green and giant

**WHEN TO USE (Continued)**

The maximum application rate is 6.4 fl oz of product per 1,000 sq ft per application.

The maximum number of broadcast applications is limited to 2 per year.

A record application may be made 21 days after the initial application.

The maximum seasonal rate is 12.8 fl oz of product per 1,000 sq ft.

**HOW MUCH TO USE**

This bottle will cover the treated areas described when this product is applied at 6.4 fl oz. of product per 1,000 sq. ft. Over-application or rates above those listed on this label can cause turf injury.

**INSTRUCTIONS**

- **Determine the total lawn area to be sprayed.** For rectangular areas, multiply the length by the width to obtain total square feet.
- **CONNECT:** Attach garden hose to spray nozzle. Turn the spray nozzle lever to the “OFF” position.
- **SPRAY:** Turn the metering valve to the “ON” position. Hold the nozzle at a steady pace while spraying slowly and working towards the back. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. IF POISONED: Call your local solid waste agency for disposal instructions. Never place unused product near any indoor or outdoor drains.

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** Keep from freezing. Store in original container in a locked storage area inaccessible to children and pets.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Harmful if swallowed. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. IF POISONED: Call your local solid waste agency for disposal instructions. Never place unused product near any indoor or outdoor drains.
