**PRECAUTIONARY STATEMENTS**

READ ENTIRE LABEL BEFORE EACH USE.

USE ONLY ON DOGS AND PUPPIES OVER 8 WEEKS OF AGE.

HEADLINE:

**HAZARDS TO HUMANS. CAUTION.**

Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking or smoking.

HAZARDS TO DOMESTIC ANIMALS.

For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Over dosing your dog can result in serious illness and even death. Consult a veterinarian if your dog has an unusual reaction to the initial application or if these or other side effects occur, consult your veterinarian or call 1-877-416-7330. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating application. The most common signs of incidental ingestion are excessive salivation and foaming at the mouth. If these symptoms occur, immediately feed your dog and continue to monitor your dog for the next 24 hours. If irritation persists, call a doctor. If in eyes: flush eyes with plenty of water. Call a doctor if irritation persists. If on skin: wash with plenty of soap and water. Get medical attention if irritation persists.

ON THE LABEL:

**How to open:**

Invert tube over dog and use open end to part dog's hair. Squeeze tube firmly to apply all of the solution to the dog's skin, as directed below. Do not apply more than one tube per dog. Do not apply at the same time that any other treatment is applied. Do not use more often than once every 4 weeks.

**Only for Dogs Weighing 45-88 lbs:**

Not for dogs weighing more than 88 lbs or less than 45 lbs. Not for use on puppies under 8 weeks of age or less than 45 lbs. Not for use on cats, rabbits or animals other than dogs. Do not allow your dog to ingest this product. Do not use on puppies under 8 weeks of age or less than 45 lbs. Use entire contents of tube on each dog. Do not split one tube between dogs. Do not use on any other animals, use in the following manner:

1. Remove product tubes from the package. Separate one tube from the others. Hold the tube with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.

2. Apply one tube (2.68 mL)(0.091 fl oz) as a spot on the dog's back between the shoulder blades as directed below.

3. Wait 48-72 hours before shampooing your dog.

**FREQUENCY OF APPLICATION**

- Use 1 tube every 4 weeks unless otherwise instructed.

**SIDE EFFECTS:**

Monitor your dog after application. Some dogs may experience temporary startle effects when any product is applied. Dogs may experience some temporary irritation at the application site. Consult your veterinarian or call 1-877-416-7330 if irritation persists. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating application.
