TOTAL: .................................................... 100%

KEEP OUT OF REACH OF CHILDREN
CAUTION
See precautions and first aid on back panel.

NET WT. 1 qt (32 fl. oz.) (946 ml)

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Even pools equipped with salt chlorine generators (saltwater pools) can get algae. Salt Solutions by Ultima® Algaecide is a triple-action formula that quickly and effectively removes all types of pool algae. Use Salt Solutions by Ultima® Algaecide as part of your weekly maintenance program to keep your water clear and free of visible algae. Always add Salt Solutions by Ultima® Algaecide with the pump and filter running to ensure complete mixing and good circulation.

SHAKE WELL BEFORE USING
1. INITIAL TREATMENT FOR PREVENTION OF ALGAE GROWTH IN CLEAR POOL WATER: Use 8 to 12 fluid ounces of this product for every 10,000 gallons of water.
2. INITIAL TREATMENT FOR POOLS WITH VISIBLE ESTABLISHED ALGAE: Use 16 to 24 fluid ounces of this product for every 10,000 gallons of water. Remove dead algae by vacuuming.
3. BLACK ALGAE CONTROL: Apply 16 fluid ounces for every 10,000 gallons of water when algae first appears. Brush spots daily to remove dead algae. Vacuum out settled algae.
4. TO MAINTAIN POOLS FREE OF VISIBLE ALGAE GROWTH: Use 4 to 8 fluid ounces of this product per 10,000 gallons of water weekly.

METHOD OF APPLICATION:
Never mix concentrated product with other concentrated pool chemicals such as concentrated dry or liquid chlorine. When properly diluted in the pool, Salt Solutions by Ultima® Algaecide is compatible with those chemicals normally used to treat pools.
1. SHAKE WELL before measuring out required amount of Salt Solutions by Ultima® Algaecide.
2. Apply directly to the pool water with the circulation system turned on.
3. Allow at least one hour for product to be distributed before turning off the pump.
4. Repeat treatment until control is evident.

Avoid contact with skin, eyes and clothing. Avoid breathing vapor. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing call 911 or an ambulance then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 8 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

IN CASE OF SPILL: Avoid release to the environment. Do not flush to sewer. Contain and absorb spill with inert material (e.g., sand, vermiculite).

Do not apply this product in a way that will contact adults, children, or pets.

STORAGE AND DISPOSAL
Storage: Keep this product in its tightly closed container when not in use.

Pesticide Disposal and Container Handling:
Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water prior to disposal. Offer for recycling. If not available, discard in trash.
