Wasp & Hornet Killer

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Never use indoors.

1. This product is for outdoor use only.
2. This product is not intended for indoor or residential use.
3. Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, storm drains, water bodies, or aquatic habitats can occur. Do not allow the product to enter any drain during or after application.
4. Do not allow adults, children, or pets to enter the treated area or contact treated surfaces until sprays have dried.
5. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Keep people and pets out of the treated area during application. Eat, drink, and smoke immediately and remain outside the treated area until sprays have dried.
6. Do not use this product on or near electrical equipment due to possibility of shock hazard.
7. Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply when windy. Do not allow water into the treated area to the point of runoff, or apply when rain or when rain is expected that day.
8. Application of this product is prohibited in the state of Massachusetts.

Non-staining
Kills wasps, hornets, yellow jackets, scorpions, mud daubers, and tent caterpillars

20-Ft jet spray

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Use Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Environmental Hazards

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater.

Physical and Chemical Hazards

Contains under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 100°F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

This product is not-staining to most home siding depending on age and cleanliness. Before using in areas where the spray may contact siding, test in an inconspicuous area and recheck in a few hours.
