After Application:
1. Bend small plastic tab back and turn knob counter-clockwise to OFF position.
2. Turn the water off.
3. To relieve the water pressure and drain the hose, bend the plastic tab back and turn knob to ON position until the water stops dripping out of the hose. Turn knob back to OFF position.

FLEAS AND TICKS (including ticks that may transmit Lyme Disease)
FLEET Ready-to-Use Yard Spray may be used to treat infested outdoor residential areas around the home. Treat areas where pets may be present. All bedding and toys must be removed before treatment of the pet area. Old bedding at pets must be removed and replaced with clean bedding.
Do not apply when pets are present. Do not allow pets into the area until spray has completely dried.

Note:
• Do not spray animals. To control the source of flea infestation, pets must be treated with a product registered for application to animals.

ANTS
Apply directly to ants and ant trails.

FOR OUTDOOR USE
FLEET Ready-to-Use Yard Spray is an insecticide that kills insects/pests that cause damage. Rovers, shrews, foxes, and birds, vegetable gardens, and lemons. FLEET Ready-to-Use Yard Spray can also be sprayed around foundations to keep insects out of the home. FLEET Ready-to-Use Yard Spray kills listed insects/pests: Ants (including carpenter ant and Argentine ant), Aphids, Caterpillars, Chinch bugs, Fleas, Moth, Earwigs, Termites, Ticks, Whirligides, and other listed lawn & garden insects/pests.

FOR USE ON:
• Lawns
• Trees, roses, shrubs, flowers and other ornamentals
• Listed garden vegetable and fruit trees
• Around house foundations, porches, patios and stored lumber
• Around outdoor residential pet areas, dog houses and fenced dog runs

LAWNS
FLEET Ready-to-Use Yard Spray kills Ants (including carpenter and Argentine), Ants, ants, Black Ants, Ground Ants, Crickets, Grubs, Earwigs, Ants, Fleas, Grasshoppers, Lawn moths (tobacco webworms), Meereids, Mites, Moth, Mosquitoes, and other listed lawn and garden insects/pests.

Notes:
• Hard to control insects/pests may require 2 to 3 applications.
• Mosquitoes coming to rest on treated areas will be killed by varying periods of time after application, depending on exposure of treated areas to weathering conditions.

HOME VEGETABLE GARDENS, MELONS & FRUIT TREES
FLEET Ready-to-Use Yard Spray kills Aphids, Armyworms, Bagworms, Caterpillars, Fall webworms, Fleas, Rove beetles, Loopers, Leafhopper, Mites, (Clove and source), and Plant bugs on listed vegetables, melons and fruit trees.

Application Instructions
Apply when insects/pests first appear as a thorough spray, wetting leaves and branches, but do not let runoff occur. Reapply at necessary to maintain control waiting at least 7 days between each application.
Be sure to follow important limitations for the specific edible plant you are spraying, including the amount of spray which can be applied in the interval between sprays, and the days it will wait before harvest.

VEGETABLES AND FRUITS* DAYS TO WAIT TO HARVEST
Tomatoes, Strawberries, Citrus, Corn (sweet) 1
Cucurbits, Melons, Pumpkins, Snap Peas, Beans 3
Artichokes 5
Brussels Sprouts, Chinese broccoli, Cabbage, Cauliflower, Kailmato, Eggplant 7
Peas 14
Pecans 21

Not registered for use in CA unless accompanied by supplemental labeling.

AROUND HOUSE FOUNDATIONS, PORCHES, PATIOS, STORED LUMBER
FLEET Ready-to-Use Yard Spray kills ants (including carpenter ants), ticks, Argentine, centipedes, crickets, earwigs, millipedes and ticks Accessories for decks, brown dog ticks around house foundations, porches, patios, wood piles and stored lumber.
Non-petroleum spiders, Sawbugs, Spittlebugs, Ticks (Brown dog and Deer ticks which may transmit Lyme Disease). Weevils including Billbugs and annual Diabegal on Baggrass, Bermuda grass, Bluegrass, Forsite, Irish Moss, Merion and St. Augustine lawns.

Application Instructions
Apply when insects first appear or when lawn damage is first noticed. Repeat applications should be made as necessary. Do not apply less than 3 inches away from plants. Apply to plants weekly or as directed to maintain control. Wait 4 to 6 weeks between applications.
1. Thoroughly water down grass a few hours before application. Apply when lawn is not too wet. Apply with sprinklers or a hose at least 3 inches away from plants.
2. Measure the area to be treated. Calculate the square footage by multiplying lengths times widths.
3. Spray evenly over the measured area, treating the entire lawn.
4. For best control of surface insects, delay additional watering or mowing for 24 hours after application.

Notes:
• Mosquitoes coming to rest on treated areas will be killed by varying periods of time after application, depending on exposure of treated areas to weathering conditions.

TREES, ROSES, SHRUBS, FLOWERS & OTHER ORNAMENTALS
FLEET Ready-to-Use Yard Spray kills Aphids, Armyworms, Bagworms, Black Ants, Sunflowers, Caterpillars, Grasshoppers, Fleas, Rove beetles, Loopers, Leafhopper, Mites, (Clove and source), and Plant bugs on listed vegetables, melons and fruit trees.

Application Instructions
Apply when insects/pests first appear. Spray to thoroughly cover upper and lower leaf surfaces, stems, and branches. Penetrate dense foliage. When treating potted plants also lightly spray the soil surface. Spray when air is calm to avoid drift. Application should be made at temperatures between 50°F and 75°F. Spray in the early morning or late afternoon when it is cooler. If temperatures will exceed 85°F, apply as needed, waiting 7 to 14 days between each application.

DO NOT TREAR FIREWOOD
Application Instructions
To keep insects/pests from entering the house, spray a 2 foot band of soil around the house next to the foundation. Also spray the foundation of the house to a height of 2 feet. Repeat application every 14 days if necessary.

STORAGE AND DISPOSAL
Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Do not contaminate water, food or feed by storage or disposal.

Fertilizer Storage: Store in cool, dry area away from children and domestic animals.

Disposal: If empty. Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Do not dispose of required for recycling. If recycling is not available then dispose of container in a sanitary landfill or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

If partly filled: Call your local solid waste agency for disposal instructions. Unless otherwise instructed, place in trash. Never pour unused product down the drain or on the ground.
