TREATMENT PRECAUTIONS

Read before using: This product is derived from plants. If any reaction occurs of persons having severe allergies, have them leave until product has dried. Do not use this product or mixture in or on electrical equipment due to risk of shock hazard. In the event of accidental treatment or spill of mixed spray solution, dilute with water and wipe off using a damp cloth. Can be photosensitive to broadleaf plants if more than recommended amounts of concentrate are used.

DIRECTIONS FOR USE: Apply generously where insects are found to help provide control. Retreat infestations as needed.

MIXING INSTRUCTIONS: Shake well before using. Maintain agitation in all spray systems before and during use. Mix up to 1.5 (one and a half) ounces of Simply Natural Guardian Broadcast per 50 (fifty) gallon(s) of water in a high pressure sprayer for broadcast treatments. Mix up to 0.5 (one half) ounces of Simply Natural Guardian Broadcast per 10 (ten) gallon(s) of water in a low or high pressure sprayer for drill and injection, baseboard, sub-area, attic space and spot treatments. Add approximately half the required amount of water to the tank and then add the appropriate amount of product, agitate and add the remaining water.

EXTERIOR APPLICATION: This product is primarily designed for use on perimeter, exterior yard, trees, foundation walls and eaves. Apply 10 (ten) gallons of solution over 1,000 (one thousand) sq ft area.

INTERIOR APPLICATION: May be used indoors on baseboards. Note: Use with precaution. May cause staining on drywall, carpets, wood flooring, and other surfaces. First spray in a test area and allow to dry before spraying entire surface area.

CRAWL SPACE & ATTIC APPLICATION: Apply at a rate of 1 (one) gallon of solution over 1,000 (one thousand) sq ft area.

NOTE: For sensitive indoor/outdoor surfaces such as vinyl, plastic, fabric, wood floors, fresh paint (within 6 months), etc. Test a small non-visible area first before spraying. This includes vinyl siding, outdoor furniture, storm doors and windows, etc. It is possible that Simply Natural Guardian Broadcast may mar or stain sensitive surfaces. If spray gets on any sensitive surface that is listed, simply rinse with water and wipe off with clean cloth. Simply Natural Guardian Broadcast may be diluted with water and applied with conventional application equipment including, but not limited to, compressed air sprayers and power sprayers. When diluting with water, prepare only the amount needed for immediate use and maintain agitation during use. Do Not Store Spray Solution Overnight! No label dosages may be exceeded. This product cannot be tank mixed with any product with label prohibitions against such mixing.

First effective results are achieved when used as part of a treatment protocol that includes physical, environmental and other pest control measures.

FIRST AID

Seek medical attention if necessary.

Poison Control Center Hotline: 1-800-222-1222

If IN Eyes: Flush with plenty of water.
If ON Skin: Wash with soap & water. Call a physician if irritation persists.
If INHALED: Move exposed person(s) to fresh air. If breathing problems persist, get medical attention.
If INGESTED: Rinse mouth out with water. Do not induce vomiting. Obtain medical attention if feeling sick or nauseous.

PRECAUTIONARY STATEMENTS

Caution — May cause eye and skin irritation. Avoid contact with eyes, skin and clothing.

Personal Protective Equipment (PPE): Persons handling concentrate are recommended to wear: protective eyewear, chemical resistant gloves made of neoprene, nitrile or natural rubber.
User Safety Recommendations: User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if the product gets inside. Wash thoroughly and put on clean clothing. Remove PPE after handling this product. Wash the outside of the gloves before removing.

Physical and Chemical hazards: Do not store near heat or open flame. Store only in original container.

Environmental hazards: May be toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water may contaminate a stream, or to areas below the high water mark. Use with care when applying to areas adjacent to any body of water. Do not contaminate bodies of water when cleaning and rinsing equipment.

Storage & Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage and Spill Procedures: Store upright at room temperature. Avoid exposure to extreme temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller’s earth, cat litter, etc. Dispose of with trash.

Container Disposal: Triple rinse or its equivalent, then offer for recycling or reconditioning, or puncture and dispose of with ordinary trash.

Storage: Store in original container in a dry cool place inaccessible to children and pets.

Limitation of Liability

Important: Read the following before using

To the fullest extent permitted by law, the manufacturer disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product. Buyer assumes all responsibility for safety and use not in accordance with label, directions and precautionary statements.

Simply Natural represents that this product is a Minimum-Risk pest control product, and qualifies for exemption from EPA registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).
