NET CONTENTS:
ONE U.S. GALLON (3.785 L)
ULTRA-KOTE

PRODUCT DESCRIPTION: This product is a hard, high-strength anti-fouling designed for maximum anti-fouling performance in high temperature coatings. This product has the added benefit of excellent color homogeneity and stability. The fast dry formula of this product allows your boat to be painted and launched in the same day. This product is recommended for use on fiberglass, wood or properly primed steel and lead. Apply at least two coats with brush, roller or spray. Do not apply when temperature is below 50°F (10°C).

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

COMPATIBILITY: This product is compatible with most other anti-fouling paints provided they are in sound condition and have been sanded. Soft anti-fouling paints and paints that are in poor condition will need to be removed or overcoated with Plasine® before applying this product.

VOC: Less than 200 gram/liter
(2.75 lbs/gal)

THEORETICAL COVERAGE: 350 sq. ft./gallon

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causés eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants and hat. May be fatal if swallowed or inhaled. Do not breathe vapors or spray mist. While spraying paint or sanding or cleaning boat surfaces, wear a mask of a respirator (only approved by the Mine Safety & Health Administration and the National Institute of Occupational Safety and Health). Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

FIRST AID:

If swallowed:

• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow
• Do not induce vomiting unless told to do so by a poison control center or doctor
• Do not give anything by mouth to an unconscious person

If on skin or clothing:

• Take off contaminated clothing
• Rinse skin immediately with plenty of water for 15-20 minutes
• Call a poison control center or doctor for treatment advice
• If in eyes:

• Hold eye open and rinse slowly and gently with water for 15-20 minutes
• Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye
• Call a poison control center or doctor for treatment advice

OTHERS:

Here are the product conditions or labels with which you are calling a poison control center or doctor for treatment.

ENVIROMENTAL HAZARDS: This material is toxic to fish. Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter water. Do not dispose of paint debris in an approved landfill. Do not discharge effluent containing this product into streams, ponds, lakes, rivers, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent to storm system without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Quality or Regional Office for the EPA.

PHYSICAL OR CHEMICAL HAZARDS: Flammable. Keep away from heat and open flame.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage of disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixtures or residues is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:

Barely used container. Do not reuse or refill this container; Triple rinse as follows: Empty the remaining contents into an application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/3 full with water and recap. Shake for 16 seconds. Pour contents into application equipment or a mix tank and store in a secure location for future use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

For Chemical Emergency, Spill, Leak, Exposure or Accident, Call Toll-Free: CHEMTRACE 1-800-424-3000 (DAY OR NIGHT) MEDICAL: CONTACT YOUR LOCAL POISON CONTROL CENTER OR CALL 1-800-243-4610.
