CONTAINS PETROLEUM DISTILLATES
EPA REG NO. 2693-132
MICRON CSC®
DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PRODUCT DESCRIPTION: MICRON CSC® is the newest in a series of multi-season paintkillers based on Controlled Solubility Copolymer™ technology. These products are designed to be worn away (polish) at a controlled rate similar to a bar of soap. As a result they will not remain on or expand under water. While washing paint or painting or sand blasting boat surfaces, wear a mask or respirator approved by the Mining Enforcement and Safety Administration and the National Institute of Occupational Safety and Health. Remove complaining clothing and wash before handling.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING
Causess eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants and hat. May be fatal if swallowed or inhaled. Do not expose to water or other diluting agents. Do not drink or take internally.

FIRST AID
If swallowed:
- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give any liquid to the person.
- Do not give anything by mouth to an unconscious person.

If on skin and clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes
- Call a poison control center or doctor for treatment advice.

Inhalation:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

In eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Note to Physician: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

ENVIRONMENTAL HAZARD
This material is toxic to fish. Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter water. Dispose in an approved landfill. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the National Pollutant Discharge Elimination System (NPDES) permit and the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¾ full with water and recup. Shake for 10 seconds. Pour rinse into application equipment or a mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

For CHEMICAL EMERGENCY, SULL, LEAK, DISPOSAL OR ACCIDENT, CALL TOLL FREE: CHEMTREC 1-800-242-9899 (DAY OR NIGHT) MEDICAL ADVICE: CONTACT YOUR LOCAL POISON CONTROL CENTER OR CALL 1-800-854-3343.
