Directions For Use

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- The supplemental labeling and the entire Pylex™ herbicide container label, EPA Reg. No. 7969-327, must be in possession of the user at the time of application.

- Read the label affixed to the container for Pylex before applying.

- Use of Pylex according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Pylex.

Use Information

Pylex is a broad-spectrum systemic postemergence herbicide for control or suppression of broadleaf and grass weeds in select turfgrass species including creeping bentgrass.

Creeping bentgrass is marginally tolerant to Pylex at a rate of 0.25 fl oz/A. Test on a small area before large-scale use. Environmental and growing conditions may affect bentgrass tolerance. Weed control will be reduced as a result of a lower use rate for labeled weeds.

Seeding/Overseeding/New Seeding Renovation

Pylex can be used for weed control during the establishment of tolerant turfgrass species including creeping bentgrass. Creeping bentgrass may show bleaching symptoms and growth suppression with higher Pylex application rates.

Restrictions and Limitations

- DO NOT apply more than 0.25 fl oz/A per application to creeping bentgrass. Sequential applications may be required to achieve desired level of weed control.

- DO NOT apply more than 4.0 fl ozs of Pylex per acre (0.092 fl oz per 1000 sq ft) per year.
Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION (“BASF”) or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.
