Hormone compounds to stimulate plant growth.

**ACTIVE INGREDIENTS**

*Cytokinin, as Kinetin ...................... 0.090%*
*Gibberellic Acid .................................. 0.030%*
*Indole-3-butyric Acid .......................... 0.045%

**OTHER INGREDIENTS .................................. 99.835%**

TOTAL ....................... 100.000%

*Contains 0.03 oz. cytokinin, as kinetin/qt.
*Contains 0.01 oz. gibberellic acid/qt.
*Contains 0.015 oz. indole-3-butyric acid/qt.

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

SEE BOOKLET FOR ADDITIONAL PRECAUTIONARY STATEMENTS, COMPLETE DIRECTIONS FOR USE, WARRANTY DISCLAIMER AND LIMITATION OF LIABILITY.

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**HOTLINE NUMBER:**
In case of medical emergency call 1-877-424-7452.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Caution: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear the appropriate Personal Protective Equipment (PPE).

**ENVIRONMENTAL HAZARDS**

For terrestrial uses. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwater or rinsate.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. **Pesticide Storage:** Protect from freezing. Store out of direct sunlight. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Use label language appropriate for container size and type. **Nonrefillable containers:** Do not reuse or refill this container. Clean container promptly after emptying. **Nonrefillable container equal to or less than 5 gallons:** Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**FOR CHEMICAL EMERGENCY:** Spill, leak, fire, exposure or accident, call CHEMTREC 1-800-424-9300.

Net Contents: 2.5 Gallons (9.46 L)
**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Caution: Causes moderate eye irritation. Avoid contact with eyes, mouth, and skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear the appropriate Personal Protective Equipment (PPE).

**Personal Protective Equipment:**
- Wear, handlers, and applicators must wear:
  - long-sleeved shirt and long pants,
  - shoes and socks

Follow the manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

For foliar use:
- Do not apply directly to grassy weeds or weeds in grain or vegetable crops.
- Do not apply this product where there may be any chance of it entering the water system or any underground water source.

**ENVIRONMENTAL HAZARDS**

- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not contaminatedrinking or irrigation water, food and livestock feed or any aquatic wildlife or water body.
- Do not apply this product in or on waters of any kind or any other areas where runoff might enter these waters.
- Do not apply this product in or near any fish pond, wildlife sanctuary, or marsh or in or near any ditch, stream, creek, or any other water course or body of water that provides water for livestock or domestic animals.

**IMPORTANT:** Read the entire “Directions for Use” and the “Warnings” and “Limitations of Liability” before using this product. If terms are not acceptable, return the unused product container of use.

Do not apply this product in a way that contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

**AGRICULTURAL USE REQUIREMENTS**

Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 190. This standard contains requirements for the protection of workers on farms, orchards, vineyards, nurseries, and handlers of agricultural pesticides. It contains requirements for training, documentation, certification, and emergency assistance. It contains specific instructions and acceptances pertaining to the standards on this label to protect personal protection equipment and restricted-entry intervals. The requirements in this label apply only to areas of use that consist of the products that are covered by the Worker Protection Standard.

Do not apply the product in or on waters of any kind or any other areas where runoff might enter these waters.

**EXCEPTIONS**

- For soil applications in areas that are not areas covered by the Worker Protection Standard, under certain circumstances, allows workers to enter the treated area if there will be no contact with anything that has been treated.

Pesticides require for early spring applications in treated areas that are permitted under the Worker Protection Standard and that receives contact with anything that has been treated such as plants, soil, or water, to:
- control long grasses and weeds, and
- reduce plant stress.

**SPRAY PROGRAM INSTRUCTIONS**

**SPECIFIC RATES OF APPLICATION**

**ORNAMENTAL PLANTS**

- **Broadcast Applications:** Mix 0.4 to 0.5 fluid ounces of GRAVITY SL PGS per gallon of water and apply as a ground spray over ornamental plants and turf. Applications of 0.1 to 0.2 fluid ounces per 1,000 square feet made at any point during the growing season will provide desirable results. Make applications during the very early growing stages and continue on a regular monthly schedule throughout the growing season.

- **SPRING DORMANCY BREAK:** Mix 0.2 fluid ounces per 1,000 square feet in late spring prior to dormancy. During the resting period only 0.04 fluid ounces per 1,000 square feet is required for dormancy break.

- **FALL DORMANCY BREAK:** Mix 0.2 fluid ounces per 1,000 square feet at the end of the growing season. Do not exceed 2 fluid ounces per 1,000 square feet per application.

**SOD FARMS**

**SPECIFIC RATES OF APPLICATION**

- Apply 0.2 fluid ounces per 1,000 square feet on a monthly basis during the growing season. Two weeks prior to cutting sod, make an application of 4.2 to 6.4 fluid ounces per acre.

**MECHANICAL SEED TREATERS**

- Do not apply the appropriate amount of GRAVITY SL PGS to a premeasured bag of seed and apply uniformly as directed. Seed can be treated in this manner and stored until used for planting. Do not use treated seed for food, feed or oil purposes. An approved eye must be added to distinguish GRAVITY SL PGS treated seed and untreated seed for feed, feed or oil purposes. Seed treated with this product must be labeled in accordance with all applicable requirements of the Federal and State seed laws. DO NOT USE TREATED SEED FOR FOOD, FEED OR OIL PURPOSES.

**BROADCAST APPLICATION**

- Partial fill spreader with a broadcast amount of seed. Apply the appropriate amount of GRAVITY SL PGS to suitable soil for the surface of the soil. Mix with a cocktail or paddle till soil and seed are completely coated. Uniformly distribute the seed and soil by properly operated equipment. REPEAT PROCEDURE AS SOFT AS NECESSARY TO ACHIEVE AN EVEN COVERAGE.

- **TURFGRASS**

- **Turf area**
- Do not apply this product through any other type of irrigation system.
- Crop injury, lack of effectiveness, or allergenic potential in the crop can result from non-uniform distribution of treated water.
- If you have questions about labeling, you should contact State Extension Service specialists, equipment manufacturers or other experts.
- Do not connect an irrigation system (including greenhouse irrigation) used for application to a public water system unless the pesticide label provides safety devices for public water systems are in place.
- A personal knowledgeable of the chemigation system and responsible for its operation, or under supervision of the responsible person, shall set the system down and make necessary adjustments of the system.
- Maintain agitation in the supply tank while adding the required amount of GRAVITY SL PGS, and throughout the application, GRAVITY SL PGS should be added to the supply tank at the end of the water application time to prevent calcium carbonate in moving irrigation systems.
- The correct amount of GRAVITY SL PGS to add is calculated as the rate in fluid ounces per acre times the number of acres covered by the treated tank.

**COMBINATION SEED TREATERS**

- **SOD FARM**

- Do not apply the appropriate amount of GRAVITY SL PGS to a premeasured bag of seed and apply uniformly as directed. Seed can be treated in this manner and stored until used for planting. Do not use treated seed for food, feed or oil purposes. An approved eye must be added to distinguish GRAVITY SL PGS treated seed and untreated seed for feed, feed or oil purposes. Seed treated with this product must be labeled in accordance with all applicable requirements of the Federal and State seed laws. DO NOT USE TREATED SEED FOR FOOD, FEED OR OIL PURPOSES.

REPEAT PROCEDURE AS SOFT AS NECESSARY TO ACHIEVE AN EVEN COVERAGE.

**SOD FARM**

**SPECIFIC RATES OF APPLICATION**

- After sod is cut, a reestablishment program is necessary. Start this program as soon as there is any greening over 30% of the area. Spray with 4.2 to 5.4 fluid ounces per acre of GRAVITY SL PGS. Repeat 2 weeks and thereafter once per month throughout the growing season. Make a final application of 4.2 to 6.4 fluid ounces per acre 2 weeks before dormancy.

**SOD FARMS**

Pesticide Storage:

Protect from freezing. Store out of direct sunlight.

Do not contaminate water, food, feed, or property by storage or disposal.

Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the user. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Nonrefillable container greater than 5 gallons.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ½ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank at the end of the full cycle.

Nonrefillable container equal to or less than 5 gallons.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ½ full with water and recap. Shake for 10 seconds after the flow begins to drip. Then offer for recycling or reconditioning or incineration or disposal in a sanitary landfill, or by incineration, or by allowed by state and local authorities, by burning, if burned, stay out of smoke. If burned, stay out of smoke.

FIRST AID

FOR CHEMICAL EMERGENCY: Spill, leak, fire, exposure or accident, call CHEMTREC 1-800-424-9300.

Purchasing price will be refunded.

If you do not agree with or do not accept any directions for use, the warranty disclaimers, or limitations on liability, do not use the product, and return it unopened to the Seller, and the purchase price will be refunded.

For your safety, keep out of the reach of children.

In case of medical emergency call CHEMTREC 1-800-424-9300.
