FLEA & TICK SPOT-ON

KILLS AND REPELS FLEAS AND TICKS
WORKS ON ANY SIZE DOG

3–8 APPLICATIONS
Number of applications depends on dog size.

For Dogs of Any Size 12 Weeks and Older

Directions for Use:
Apply up to every 2–4 weeks

First, determine the application rate for your dog’s size based on the table above. Using the supplied dropper applicator, squeeze the specified amount of product along a straight line between the shoulder blades and the base of the tail (dotted line). When applying, use the dropper tip to part the dog’s hair so the product reaches the dog’s skin. Once the correct amount has been applied and normal activities are resumed, allow a few seconds for the solution to be absorbed into the dog’s coat.

To avoid spills, screw the dropper securely on the bottle when finished.

Precautionary Statements:
Hazard to Humans and Domestic Animals:

Humans: Caution: Utilize eye protection and gloves. Causes moderate eye irritation. Wash hands thoroughly with soap and water after use. For external use only. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. Keep out of reach of children.

Domestic Animals: Sensitivity may occur after use of any product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue consult a veterinarian immediately. Not recommended for use on pregnant or nursing animals.

First Aid:
If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. If irritation persists contact a physician.

If on skin: Wash with soap and water and repeat if necessary.

Inhalation: Remove to fresh air.

Ingestion: Immediately drink plenty of water. Do not induce vomiting. If symptomatic persist, contact a physician.

Storage:
Store only in original container in a cool, dry area.

Disposal:
In accordance with all Federal, State and Local regulations. Do not reuse this container.
